The President, Mrs. N. H. Stevens, oresented the following address: Another year has passed and the poor of our city have had their usual assistance through the Home of the Friendless, and I feel sure that the work of the ladies will be much appreciated by the citizens of Chatham, It is impossible to report fully to this

meeting all the good work the ladies do throughout the year. Our aim has been to assist the needy poor to the extent of the means placed at our disposal, and to do this properly we have to investigate the applications for assistance very carefully or we may be imposed upon by those unworthy to receive charity from public money placed in our

Our committees have spent a great deal of time in looking after and caring for many very needy poor, who submit to suffer from hunger and cold rather than to have their condition made public.

We have others applying for assistance that do not belong to us, but are from other municipalities. These cases have to be taken up and carefully looked into before we can de cide whether we should give them as-sistance or not. And I believe the decisions have been generous to the

needy, and just to the public. Our distributions to the poor con-sist mostly of groceries and fuel. The latter is becoming a greater charge on our Society each year, owing to the scarcity of wood, consequently higher prices are asked. We also find many poor struggling along try-ing to help themselves, who find during the winter months that their fuel, with other necessaries, makes their expenditure greater than their income, and are compelled to ask for assistance to keep them warm. The question of free or the poor, whether wood or coal, will for the future require the careful consideration of the

This year we have sustained a great loss through the death of the late Mrs. Garner, who filled so well the office of treasurer for some fifteen years, and much credit for the good work done is due to her wise counsel and good judgment.

It would be very much to the interest of our society if our membership could be largely increased.

NAUGHTY LETTER

It hesults in a County Court Case on a Serious Charge.

The contents of an innocent little white envelope, unstamped, addressed to Mr. Joseph A. Thibodeau, Dover South, and decorated by the word "Personal" penned on the lower corner, have caused so much trouble that Judge Houston was called upon to investigate a criminal charge at this morning's session of the County Court.

The lawyers designate the case as Fleet vs. Traham, which is the technical way of explaining that Constable Fleet—the gun, but not the man be-hind it—has preferred a charge against Cal'xe de Trahan. The charge

s that of forgery.
It seems that—doubtless owing to the fact that it was so addressedthe letter reached the hands of Jos. A. Thibodeau. It purported to be written and signed by Joseph Thibodeau and contained certain charges against one Bechard. The subject matter was evidently so shocking that the letter was burnt forthwith. Mr. Thibódeau, however, placed the case in the hands of his solicitor with the result that the present charge was ultimately laid against Trahan as being the author.

The preliminary hearing is on to-O. L. Lewis appears for ecution and J. B. Rankin, K. C., prosecution and for the defense.
