Fix up your Barn With these Steel Fittings

You'll be proud of your barn with these steel fittings. You'll be proud to take a stranger in and show him around. The sunshine floods through the steel spokes of the guards. Everything is bright and

cheery, and the glossy coats of the horses show off to best advantage. Everything is spic and span, for the steel fittings can not be injured by kicking or cribbing.

BT Steel Horse Stable Fittings

They **pay** because they look ten times better than wood and last ten times longer. They **pay** because they make the stable clean and cheery so the horses look better, and keep in better condition. Horses respond to kind treatment. You know that. You do not begrudge the

time you spend grooming them. It pays. And so BT steel fittings pay, for they help to keep the horses looking fine. They pay, too, because they can be installed quickly and easily, without expert help. In a few hours you can put them in and make your barn a modern barn.

Get the Book

Our barn book tells all about these steel fittings. It tells about steel mangers, steel posts, steel guards, oat bowls, harness hooks, steel box, stall doors, ventilators, blanket racks, steel harness pegs and other handy fittings.

It shows completely how to build, remodel or fit up a barn, lay the floors, build the walls, erect the frame, gives the proper widths for stalls, box stalls, gutters, etc. This book

contains 75 full-page and double-page plates of the best Canadian barns, both interior and exterior views, as well as 14 working plans and 13 blue prints. It is a practical manual on barn building and equipment that every farmer should have.

If you think of changing your stable you should get this book at once. The cost is \$1.00, but we will send it FREE if you are building or remodelling. Just fill out and mail the coupon.

BEATTY BROS., LIMITED
K301 Hill Street, Fergus, Ont.

This coupon, properly filled out, entitles you to one BT Barn Book free of charge.

If you are not going to build or remodel soon, send \$1.00 and get the book anyway.

BEATTY BROS., LIMITED
K301 Hill St. Fergus, Ont.
Send me the BT Barn Book. I have filled in this coupon as desired.
How many horses have you?

How many cows?

Are you thinking of building a barn, or just remodelling it?

If so, when?
