

Bone Spavin

No matter how old the blemish, how lame the horse, or how many doctors have tried and failed, use

Fleming's Spavin and Ringbone Paste

Use it under our guarantee—your money refunded if it doesn't make the horse go sound. Most cases cured by a single 40-minute application—occasionally two required. Cures Bone Spavin, Ringbone and Sidebone, new and old cases alike. Write for detailed information and a free copy of Fleming's Vest-Pocket Veterinary Adviser

Ninety-six pages, durably bound, indexed and illustrated. Covers over one hundred veterinary subjects. Read this book before you treat any kind of lameness in horses.

Lucan Crossing Sta., G. T. R., one mile.

GOSSIP.

Allan P. Blue, of Eustis, P.Q., who has been advertising Ayrshires in "The Farmer's Advocate," writes, asking us to discontinue the advertisement, as he has disposed of all the stock he wished to. "I deem it a pleasure," he adds, "to congratulate your paper on the business which was obtained by advertising, having sold at least 40 head, at prices which were not exorbitant, but were above what local buyers would pay."

S. J. PEARSON, SON & CO.'S SALE.

In this day, when so much is being said and written about the dual-purpose cow and dairy-bred Shorthorns, it will be interesting to many to learn that at the auction sale of S. J. Pearson, Son & Co., at Meadowvale, Ont., on Wednesday, June 2nd, there will be sold a number of females tracing back to Imp. Lady Brant, a Bates-bred cow. This is an exceptionally good milking strain of Shorthorns. Two of the yearling bulls to be sold are also of this strain, and a good pair they are. The breeding of the others to be sold are straight Scotch, of the Campbell Rosebud and Mina strains. Five of the cows have calves at foot. The balance of the offering are all young and in good condition, and among them are some very choice things. Visitors from Toronto and the north, on the Teeswater branch of the C.P.R., will be met at Meadowvale station, and from the west will be met at Streetsville Jct. station.

TRADE TOPICS.

Too little attention is paid to the proper disposal of apples that do not class in market grades. The Hydraulic Press Mfg. Co., of Mount Gilead, Ohio, who have an advertisement in this issue, handle numerous lines of machinery used in making cider jelly, cider syrup, and clarified cider, and for reducing cider to cider jelly. They also make steam apple-butter cookers and apple-butter colanders. Full particulars regarding these outfits are outlined in their catalogues. Plans and processes for manufacturing cider vinegar, etc., are contained in No. 21.

During the month of June thousands of Canada's best farmers, and their sons and daughters, take advantage of the excursion rates to visit the Ontario Agricultural College. It is worth while for visitors to notice the lay-out, convenience and construction of the farm buildings, and that several of these are roofed with "Eastlake" Metallic Shingles. It will be noticed that the roofing is practically in perfect condition to-day, though it has been on many of these buildings for more than 18 years. It has withstood the ravages of the weather, storms, wind and lightning. The "Eastlake" Metallic Shingles are manufactured by The Metallic Roofing Co., of Toronto, the pioneers in the manufacture of metallic building materials. They will gladly furnish full information as to cost, and show how easily they can be applied to any roof, old or new.

A commonly mispronounced word is "R-U-B-E-R-O-I-D." Most people call it RUBBER-OLD, although the correct pronunciation is as though it were spelled "RUE-BER-OLD." RUBEROID contains no rubber. A roofing containing rubber would be practically useless, as rubber rots under slight exposure to the weather. The base of RUBEROID is an exclusive processed gum, known as Ruberoid Gum. This gum resembles crude rubber, and is as flexible, but, unlike rubber, it retains its durability and flexibility after years of exposure to the weather. Whereas both rubber and Ruberoid are pliable, rubber does not withstand the action of weather. Ruberoid, however, has proven its weather-resisting qualities by 17 years' continuous efficient service. With the exception of pliability, rubber and Ruberoid have no essential properties in common. Rubber in any form does not enter into the manufacture of Ruberoid. The Standard Paint Company are sole manufacturers of Ruberoid Roofing. Read their advertisement in this issue, and write them for particulars.

DON'T PHYSIC YOURSELF

It is a Tonic you want! Physicing lowers the system and makes it more susceptible to disease. The winter months have been a great strain upon your vitality and unless you put the blood in good condition all manner of evils will overtake you. **PSYCHINE** is the Greatest of Tonics and should be taken by every one at this season of the year. **PSYCHINE** assists the gastric juices and ferments in their digestion of the food, cleanses the mucous membrane of the Stomach, and has an invigorating and beneficial effect on the muscles and nerves. For Catarrh of the Stomach, Ulceration or Weak Stomach, Dyspepsia, the use of **PSYCHINE** is strongly advisable. **PSYCHINE**, acting on the Stomach restores it to a healthy condition, then acts through the stomach upon all the vital organs, creates an appetite, bringing renewed vitality and strength to the entire system and enables it to throw off disease of every kind. It is the greatest health-giver known to medical science.

Send to Dr. T. A. SLOCUM, Limited, Toronto, for a Free Sample to-day. All druggists and stores sell **PSYCHINE** at 50c and \$1 per bottle.
