

# Two Minute Talks About PANDORA RANGE for Coal or Wood

Of course the Pandora Range is a few dollars more than an ordinary range. But it will soon pay for itself in the fuel it will save for you.

The Pandora Flue System and Wide Fire Box, designed by our brainy stove experts, save about half a ton of coal per year, because they supply more air than the flue systems and fire boxes of ordinary ranges, causing better combustion of fuel.

The Steel Oven saves some more fuel, because it heats up more rapidly than a cast iron oven. The heavy Fire Clay Coating on the main bottom of range prevents any heat wasting towards the floor. It drives the heat back into the oven, and thus saves still more fuel.

But the big economizing feature is this: The draft for cooking on top of the range is also the draft for baking in the oven. The heat does double duty and your fuel bill is largely reduced.

Get the Pandora---the range that pays for itself. No other range is high-class enough for you.

W. E. WRIGHT & SON'S CHESTER WHITES AND SHROPSHIRE.

There are few breeders in Ontario of Chester White hogs and Shropshire sheep better or more favorably known than W. E. Wright & Son, of Glanworth, Ont. Their herd of Chester White swine is one of the best in Canada. All their breeding stock are Toronto winners, or their sons and daughters. The main stock boar, Cedar Grove King, was first at Toronto and London for two years. His assistant in service, White Boar, was also twice first at Toronto and London; one of the brood sows, Kate, was second at Toronto and London for two years; Glanworth Belle was second at Toronto and London in 1907. Snowdrop was first at Toronto, London and Guelph Winter Show last year, and her full sister was second to her at the same three shows. This is the kind of breeding stock that go to make up this great herd, in all, seven brood sows averaging 650 lbs. each. For sale are young stock of all ages, and both sexes. During the last year, the Messrs. Wright have shipped pigs all over the Maritime Provinces, Quebec and Ontario, without a complaint, but with many letters of satisfaction. Their Shropshires are up to a high standard of excellence, having won many prizes at Toronto, London, and the Guelph Winter Show. This year's crop of lambs are sired by a son of an imported Buttar-bred ram. They are a growthy, well-covered lot, and are all for sale. The firm have also for sale forty Bronze turkeys, for which orders should be sent in quickly, as the reputation of the Bronze Turkeys bred by the Messrs. Wright is such that every year they go for the proverbial hot sale.

A very small box was taken to hold a big St. Bernard up the road. When you are your going to take the dog, get a little more than 7 inches. It is a good idea to get the box as well as where the dog is, as that is what is needed for the dog.
