

MAKE YOUR COWS COMFORTABLE

and you'll get more and better milk. No guess-work about it. The biggest dairymen are demonstrating to their profit that

Champion Cow Stanchions

quickly pay for themselves in increased milk production. Easy to install. Won't break or blister. Self-locking. Write for more particulars to

Ontario Wind Engine & Pump Co., Limited
Winnipeg TORONTO Calgary

Maple Syrup Makers Do Not Lose the First Runs of Sap as They are the Most Profitable

As we make 22 different sizes of Evaporators, and they are both made right and left handed, it is impossible for us to carry a complete line of all sizes in stock, so orders are filled in rotation as received. If your order comes in first, you will get your machine first. Each season we experience a great rush of orders in the month of March. Don't put off placing your order until that time. Write us to-day for our free booklet, giving you all information in regard to sugar and syrup making.

THE GRIMM MFG. CO., Limited,
58 Wellington St.,
Montreal, Quebec.

Steel Water Troughs

Made of heavy galvanized steel, our Troughs and Tanks are strong, compact and durable. So successfully have they stood the test during the past five years that we are willing to ship any size you select to our station on the understanding that you can ship them back at our expense if not first-class in every detail. Write for catalogue H. We will build any size or style to order. Ask for quotations. Agents wanted.

Are you anxious to save time and money on the work you are doing on your farm at present, and to get larger crops from your farm or orchard? If so, let us send you, **FREE OF CHARGE**, our pamphlets on the use of

Stumping Powders

USED FOR

**Removing Stumps and Boulders
Digging Wells and Ditches
Planting and Cultivating Orchards
Breaking Hard Pan, Shale or Clay Subsoils
Etc., etc., etc.**

Figure yourself what clearing your farm is costing now, or what you are losing in crops through not clearing. Write us about arranging demonstrations.

CANADIAN EXPLOSIVES, LIMITED
Montreal, P. Q.

Yes, Sir! Clarke's gloves are by far the best on the market to-day.

Couldn't very well be otherwise.

Best quality skins, tanned in our own tannery and made up in our own factory. Not a step in the making that's not watched over by our eagle-eyed inspectors. Perfectly finished to the smallest stitch.

Take our "Horsehide" Gloves, for example.

Real horsehide, remember—not cowhide.

Feel the soft, pliable skins. Note how neat and comfortable on the hands.

Beats all how long they'll wear—think they were iron.

Guarantee them to be heat and wet proof. Stand scalding and scorching without getting hard.

Look for Clarke's stamp on the gloves you buy, and make sure of best value for your money.

"CLARKE'S" GLOVES

Agents everywhere.

Better, Cheaper, Stronger Than Wood

You can't put a better fence around your property than the Peerless Lawn Fence. It is neat and attractive—strongly and staunchly built. Made from heavy, No. 9 steel wire, well galvanized and coated with white enamel—will stand for years and cannot rust.

Peerless Lawn Fence

is handsome enough for city property and is strong and cheap enough for the farm. It will keep cattle out and stand up under the heaviest snow drifts.

Peerless gates are made with an electrically-welded, solid frame—last a lifetime and always look and work well.

We make a full line of poultry and farm fences and gates. Agents wanted. Write for particulars.

Dept. B, Winnipeg, Man., Hamilton, Ont.

This Cylinder Shows Why The "EUREKA" Root Cutter

is the best on the market.

See how it is designed. Grooved knives, with the grooves on one blade opposite the teeth on the next. Instead of slicing or pulping, the "Eureka" turns out roots in shreds—thin narrow strips—

suitable for any kind of feeding. The "Eureka" shreds from one to two bushels a minute, and turns so easily that a child can operate it.

In the "Eureka" the feed is kept free from dirt, the feeder bottom being made with iron rods, thus allowing all dirt to drop out before it can reach the shredding cylinder.

The sloping form of the cylinder makes the machine a self-cleaner. Write for catalogue which explains fully.
