

SELL THAT SPARE HORSE

He is simply eating his head off and in a bill of expense.

Nearly every farmer has an extra horse or two—a colt just ready to be broken in—a spare driver—or a working horse. Did you ever figure out what it costs to keep and feed such a horse, also the value of the time you spend attending to it?

If you would sell that horse and invest the proceeds in a Gilson "Goes Like Sixty" Gasoline Engine, which is as powerful as four or six horses, you would not only get a big profit on your money, but make your farm bring you bigger profits, at less labor and cost.

The Gilson "Goes Like Sixty" Engine will do as much work as four or five horses on your farm, yes—and a couple of hired men besides. The Gilson Engine will grind your grain, fill your silo, pump your water, cut your feed, run your cream separator, and saw your wood—in fact do one hundred or more different jobs, and do them better than you or the hired man could do them.

It is always ready for work, never gives out, and can easily be moved from one place to another. It also relieves you of drudgery, leaving you free to do other work (or to play.)

Once started to work the Gilson Engine requires no attention and when it is not working it does not take up a minute of your time, nor cost a cent.

Remember every Gilson Engine is absolutely guaranteed for one year against defective parts or workmanship. The Gilson Engine will last a lifetime.

A small payment will bring the Gilson Engine to your farm—balance can be paid on easy terms. Before you have completed your payments, the engine will have paid for itself four or five times over.

Let me tell you all about it—it will cost you nothing to know—FILL IN THE FOLLOWING COUPON AND MAIL TO-DAY.

Address me personally; E. Bareiman, Manager.
Gilson Eng. Co., Limited
2509 York Street, Guelph, Ontario

Please send me without any obligation on my part, your booklet and full information regarding Gilson Gasoline Engines and your special offer on a.....H.P. Engine.
