

Still in The Lead

Constantly Increasing circulation —
tangible evidence
of appreciation, and
conclusive proof of

worth as an advertising medium.

The Monetary Times

was established in 1866 the year before Confederation. For 41 years it has had the confidence, co-operation and hearty endorsement of its readers, and is to-day, the banking, financial and insurance authority of Canada.

It has always been most fearless in its attitude towards fake promotions of every description.

IN CIRCULATION

It touches more points than does any other paper of its kind in Canada. By actual count 1300 places in the Dominion, besides a large circulation in Great Britain, United States and Foreign Countries. International in scope, with illimitable possibilities,

Representative Advertisers.

Banks, insurance, investment, financial, trust and loan Companies—in all parts of the Dominion advertise regularly in the Monetary Times.

It is the best paper for municipal bond advertising—**Debentures for Sale**—and carries more of this very class of advertising than does any other paper in Canada. It will bring such sales before not only banks, insurance, trust and loan companies, but the smaller investors, financial and business men in all parts of the Dominion. If you have in contemplation the issuing of bonds, the most effective means for the profitable sale of same is by the use of our columns.

The Bond situation in Canada is a most peculiar one. It is dealt with more intelligently by the Monetary Times than by any other paper—it is a feature with us and may be relied upon as authoritative.
