

The Head of the G. T. P.

Mr. Edson J. Chamberlin, who has succeeded Mr. Frank W. Morse as Vice-President and General Manager of the new railway, the steel tracks of which will bind the provinces of Canada more closely together, has already since his appointment made a trip over the whole territory through which when completed the line will pass. He is a native of New Hampshire, but has resided in Canada since 1886, when he was appointed General Manager of the Canada Atlantic Railway, from which position he retired when that line passed into the hands of the Grand Trunk. Mr. Chamberlin is admittedly an able railway man, and being quite alive to the needs of the country, great things are expected of him.
