

Col. Biggar in Kingston Tuesday

Will Investigate Dismissal of Penitentiary Officials

KINGSTON, Oct. 13.—It is announced that Col. Biggar, the Ottawa lawyer, who is to conduct the investigation into the cases of the recently dismissed officials in Fort Smith Penitentiary, arrived in Kingston on Tuesday morning and the investigation will then be proceeded with and several dismissed officials be given a full opportunity to put in their defence and present their side of the case.

In this connection it is reported that several detectives have been in the city for some time looking fully into these cases, as well as into others, and the gossip have it that some interesting testimony is likely to be developed. This, however, is only gossip and nothing more, and the friends of the dismissed officials are confident they will be able to make a good showing in the presentation of their cases.

As will be remembered, it was announced some time ago, following Gen. Ross' demand for an investigation, that Col. Biggar was coming here to make the investigation, but his commission authorizing him to act was not made out until a few days ago.

Chinaman Dislikes Conditions in Jail

Lee Yoke, Held by U.S. Immigration Authorities, Taken to Syracuse.

OGDENSBURG, Oct. 11.—Lee Yoke, the Chinaman, who was captured by immigration authorities at Alexandria Bay while about to enter this country aboard the yacht of Mr. Harberle, the former Syracuse brewer, was brought to this city Friday afternoon from Canton jail immigration Inspector D. W. McIntosh.

Lee Yoke stated that he was not used to the condition he had to endure at Canton. He stated that in Canada, Chinamen are kept in separate apartments and are not placed with the ordinary criminal classes. Lee Yoke had been living in Portland, Ont., previous to his falling into the hands of the immigration authorities and his chief desire is to get back to Canada. There is every likelihood, however, that he will be deported to China. A hearing in the case of Mr. Harberle is to be held in Syracuse and Lee Yoke may appear.

Lee Yoke requested to be allowed to go out on the street and purchase a number of useful supplies. He was escorted around his business section by Sergeant Charles Harper.

Oak Flats Woman Suicided Thursday

Mrs. Burton Genge Had Made Attempt Before—Inquest Was Held

Mrs. Burton Genge, a young married woman residing at Oak Flats, north of Verona, committed suicide early on Thursday morning by throwing herself into a well on her father-in-law's property. Her body was recovered a short time after a search had been started, and an inquest was held by Coroner Dr. Goddard of Verona, which brought in a verdict of death while temporarily insane.

Some weeks ago Mrs. Genge, who has been in delicate health for some time, made an attempt to end her life in Rock Lake, near Verona, being rescued in time on that occasion. She was then removed to her father-in-law's home, where, despite a strict watch kept on her, she was able to elude her guards for a time on Thursday morning and commit the act.

Set-Back Report for Gen. Wrangel

CONSTANTINOPLE, Oct. 13.—Re-occupation of Mariupol and Berdiansk on the Sea of Azov by the Bolsheviks is announced. This represents a set-back for the forces of Gen. Wrangel, south Russian anti-Bolshevik, who recently was reported in possession of Mariupol and in virtual control of the entire sea of Azov.

Costiveness and Its Cure.—When the excretory organs refuse to perform their functions properly the intestines become clogged. This is known as costiveness and if neglected gives rise to dangerous complications. Parnelle's Vegetable Pills will effect a speedy cure. At the first indication of this ailment the sufferer should procure a packet of the pills and put himself under a course of treatment. The good effects of the pills will be almost immediately evident.

Body of Aged Man Found in Woods Near Charleston

John Spence, Aged 82, Had Wandered From Home

BROCKVILLE, Oct. 13.—After he had been ten days missing from his home near Charleston, the dead body of John Spence, aged 82, a retired farmer, was found Sunday by searchers in a wood near Sheatown, two and a half miles east of Charleston. Dr. J. F. Harte, of Athens, who was summoned, decided that an inquest was unnecessary and the funeral was held Monday afternoon at three o'clock.

The late Mr. Spence was a man well known in Charleston and vicinity. On September 29, he left home and when he did not return a searching party was organized. Their efforts proved unavailing until Sunday, when James Keyes and David Spence, of Charleston, found the old man's body in a wood belonging to Joseph Morris, located near Sheatown. He had evidently wandered from his home and in his entangled condition was unable to withstand the nights in the open. The body was somewhat decomposed.

Dr. J. F. Harte, Athens, was summoned and after making an investigation decided that an inquest was not necessary, death having very evidently been due to natural causes. The deceased spent almost his entire life in the vicinity of Charleston. Surviving are four sons and two daughters: Thomas, Charleston; Samuel, Sheatown; Robert, Brockville; William, Dobbs' Settlement; Mrs. Allen Kavanagh, Sheatown; and Mrs. Davidson, Sheatown.

Lots of Home Brew in Peterboro

Many Applications for Licenses to Make Grape Wine

PETERBORO, Oct. 13.—In the opinion of several Peterboro fruit dealers, the citizens of Peterboro are making grape wine in plentiful quantities, even if the price is 55 and 60 cents a basket. One dealer believed that it was the immense consumption because of this home-brew, and the cry of the Americans for more Canadian grapes to satisfy their thirst, that was keeping up the price at the unusually high level. He pointed out that the Americans buy at a distinct advantage, because of the exchange situation, and the stream of trucks and cars laden with grapes across the line was unprecedented.

Following an item in Friday's issue reminding grape wine edicts that to make wine legally and above board, the permission of the Inland Revenue preventive officer was necessary, there have been numerous such permissions given at the local office. From the number of people who sought the official sanction, it would seem that the manufactured grape wine will have a poor sale in Peterboro this winter.

Help Stations for Airplanes

A regular passenger and mail service is being maintained between London and Paris. All along this route the airplane is at all intents and purposes never out of sight or hearing of someone in case of accidents, and perhaps the most marvelous safeguard is the wonderful telephone the official cross-Channel airplanes carry. By means of this telephone the pilot can call up any station within a fifty-mile radius, and if he is in trouble tell the station what the matter is and where he is likely to land. Before he has landed, preparations are made to help him. The first ground station on the French coast is Marquise, and signals have been taken there from pilots half an hour before they have arrived. The airplane telephone is only in its early stages yet, but it will not be very long before pilots will be able to speak up to 250 miles and always be in touch of some air-drome or other.

OBSEQUIES

LATE MRS. PATRICK KEEGAN

The obsequies of the late Mrs. Patrick Keegan were held this morning from the family residence, Brock Street, to St. Michael's church. Father Whelan celebrated requiem mass. The interment was made in St. James cemetery, the bearers being Messrs. J. Smith, H. Smith, W. Smith, A. Farrell, E. Clarke and W. Lynch.

LATE MRS. CHAS. G. SYKES

The funeral of the late Mrs. Chas.

G. Sykes took place on Tuesday afternoon from the family residence, Ven, Archdeacon Beamish officiating. The interment was made in Belleville cemetery, the bearers being H. L. Collins, H. Knott, E. H. Liddle, S. Davenport, H. Loadman, and W. Heard. Many beautiful floral tributes had been received.

LATE MRS. HANNAH O. DICKENS

The funeral of the late Mrs. Hannah O. Dickens took place yesterday afternoon from the residence of her son, Mr. A. W. Dickens, John Street, Rev. Dr. Cleaver officiating. The obsequies were held quietly. The bearers were Messrs. A. W. Dickens, Charles Dickens, P. J. Bonisteel, Clarke Dickens, Ernest Bonisteel and Ernest W. Dickens. The interment was made in Belleville cemetery.

ROAR LIONS! ROAR LIONS! ROAR LIONS!

Eat 'Em! Eat 'Em!

First Jungle Feed of the Belleville Lions in their Den at Hotel Quinte

The Lions gathered for their first jungle feed today and the meeting was noticeable for the pep and enthusiasm with which this new organization was inaugurated. The roar heard for the first time in Belleville was a credit to the latest converts to Lionism.

The fifteen charter members were present and each member swung in to place and carried off the program which augurs well for the future organization whose watchword is "Service with pep." President Bobbie Gorman and Secretary Ernie Finkle fresh from a big night in Toronto where the Toronto Den received their charter brought back a message of greeting from Hamilton, Toronto, and Oshawa Dens. Tall Twister Ginger Stewart levied and collected many fines for breaches of Den rules. The Cubs present were: Bobbie Gorman, Ray Zuffel, Ernie Dickens, Russ Wotton, Steve Licence, Chris Lewis, Bill Wheeler, Billy Gilbert, Ginger Stewart, Ed. Cherry, Bruce Bottom, Bill Doyle, Ben Finkle.

Five Masked Men Escape With \$19,000

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

WINNIPEG, Oct. 13.—Five masked men after blowing up the safe of the Union Bank at Winkler, Man., at three o'clock this morning, escaped with \$19,000. W. G. Raefel, blacksmith, who heard the noise in the bank and attempted to ring town bell, was shot in the leg by one of the gang who was keeping watch outside. The men escaped from Winkler and Morden. Claude Williams, teller of the bank, was forced to open vault for bandits who then blew safe and took all cash in the vault. Telegraph and electric light cables were all cut before robbery began. Williams was unable to give description of men owing to the fact that they were masked.

\$2,000 Insurance on Kingston Fair

Cheque to be Forwarded on Receipt of Record of Rainfall

KINGSTON, Oct. 13.—R. J. Bushell, manager and secretary of the Kingston Industrial Fair, has received a letter from Henry W. Ives & Company, Montreal, in which this company states that just as soon as proof is sent from Queen's observatory that rain fell here on September 30th to October 1st, to the depth of one-tenth of an inch, that a cheque for \$2,000 will be sent on to the fair directors. Mr. Bushell has sent along the records from Queen's University about the rainfall and the cheque is expected in the course of a few days.

It is stated that Kingston is the first place in Ontario to carry insurance for rain on fair days. The big show here was insured at the rate of \$1,000 a day, providing the rainfall reached one-fifth of an inch.

Relief for the Depressed.—Physical and mental depression usually have their origin in a disordered state of the stomach, and liver, as when these organs are deranged in their action the whole system is affected. Try Parnelle's Vegetable Pills. They revive the digestive processes, act beneficially on the nerves and restore the spirits. As no other pills will. They are cheap, simple and sure, and the effects are lasting.

Disease Looked Upon as Result of Fate

SOFIA, Bulgaria, Oct. 13.—Disease in the Balkans is looked upon by the people as a result of fate. The peasantry has been educated in superstitions rather than in the laws of sanitation. They are opposed to the killing of mosquitoes, rats, flies and vermin, believing that they are a part of life. They know nothing about the carriers of disease. The importance of protecting their food supplies from winged insects has not been impressed upon them. Little or no attempt is made to drain mosquito pools or marshes, so that the Balkan states claim the distinction of having some of the worst malarial sections on earth.

The peasant has little faith in medical science. "How can a bug give us typhus?" they ask. "Every living thing harbors insects. Why not man? If the good God sends us disease and misfortune, we believe that he knows best."

In most districts in the Balkans the houses of the rural population are small and poorly constructed. Many of them are built of mud and straw and have no provision for sanitation or ventilation. The only admission to the houses is obtained through accidental imperfections in construction. A few of the houses have two stories, the lower floor being occupied by the horses and cattle, the upper by the family. In such houses as these families live crowded together under the most unhygienic conditions.

Years pass without a doctor entering the huts. Disease goes unrelieved. In the country districts dentistry is virtually unknown.

Bath tubs are rare in the Balkans, even in the larger cities. The people in that part of Europe rarely wash. "You must be very unclean people in the United States," said a well-to-do store-keeper in Sofia, to an American, "if you find it necessary to bathe every day."

Corn and waris disappear when treated with Holloway's Corn Cure without leaving a scar.

Woman, 102, Says She'll Vote for Republicans

OGDENSBURG, N.Y., Oct. 13.—One Ogdenburg woman who believes in exercising the right of suffrage is Mrs. Jane Smith, who lives in the Webster house in State street. Mrs. Smith is the widow of the late Col. Simeon Smith, former paymaster in the United States Navy, and is 102 years of age.

She made her way to the registration station at the city hall and registered. "I am going to vote a straight Republican ticket," said Mrs. Smith.

Worms, by the irritation that they cause in the stomach and intestines, deprive infants of the nourishment that they should derive from food, and mal-nutrition is the result. Miller's Worm Powders destroy worms and correct the morbid conditions in the stomach and bowels that are favorable to worms, so that the full nutriment of the child is assured and development in every way encouraged.

Confession Wrong

JERSEY CITY, N. J., Oct. 11.—A United States Government official at Ogdenburg, N.Y., wired Chief of Police Richard T. Batterby, of Jersey City, that there was no truth in the statement made by John Ferber, Canadian war veteran, that he was assaulted by a Customs House officer in the border town on Oct. 3.

The Ogdenburg official asked that Ferber, who is detained here, be held for investigation by the Ellis Island immigration authorities. The Chief communicated with Ellis Island and was informed that those in charge there would have nothing to do with Ferber.

Ferber gave himself up to the police here on Wednesday night, saying that he had knocked down a United States official who tried to prevent his landing at Ogdenburg on the pier there. He believed the man was drowned. Ferber wears the uniform of the Mounted Police. He is 22 years of age, he says and wears decorations won while serving with the Canadians in France.

Chief Batterby has communicated with Ottawa and in the meantime Ferber is held in the Hudson County jail.

Prosperity is on the wing in the United States. Profiteering is dying a timely death. This is the consensus of bankers from widely separated places, in convention at Boston.

Fervish, pale, restless and sickly children owe their condition to worms. Mother Graves' Worm Expeller will relieve them and restore health.

To Operate Road on Staten Island

NEW YORK, Oct. 13.—New York will operate the Staten Island Midland Railway Company at a five cent fare. An agreement for the city to take over the entire equipment, tracks and car barn of this road, which has been idle several months, was reached Saturday at a conference attended by municipal officials and the receiver for the road.

The city is to pay no rental for the road, but will divide the profits at the end of the accounting year, if there are any, on an equal basis with the company.

Employed in Lindsay Neglected His Family

Two Women Claim to be Wife of York Man

LINDSAY, Oct. 13.—Chief Short has received a message from a constable of York county to arrest a man employed in a local factory, who was charged with neglecting to supply the necessities of life for his wife and family. The Chief visited the plant and placed the man under arrest. He had a pound of butter in his possession which he wished to leave at a house on Kent street east before going to jail. The Chief assured him that he would deliver the butter. After taking the accused to jail the Chief took the butter to the house, where he was received by a young woman who claimed to be the wife of the accused. She informed the Chief that the accused had a wife in Toronto, and did not seem to be disturbed by the announcement.

Chief Short notified York county authorities of the arrest and an officer will come down for the prisoner.

Teach the Children Rules of the Road

Boys and Girls Should Know the Right and Wrong Sides

Reopening of the schools means renewal of traffic dangers. Thousands of children congregating at a central point, then scattering over many streets at dismissal hour, creates a menace difficult to control. The teacher who does not instruct carefully of conduct on public thoroughfares to help the children look out for themselves is neglecting a primary duty. The school that fails to teach safety constantly in some practical way is failing in an elemental function.

Most schools do take up this question of teaching the kiddies the right and wrong way of the traffic question, and more especially to teach them how and where to cross the roads, and not to "jay walk" all over the streets.

Catalonia to Present Most Extensive Exposition

BARCELONA, Oct. 13.—Catalonia has undertaken to present to the world's approval, one of the most extensive and comprehensive expositions ever held, and although it is not to open until 1924, the preparations already are far advanced. Under the supervision of General Rubio, an engineer officer recently retired from the Spanish army, the slopes of Montjuich are being transformed from an arid waste into an artificially laid out garden in the center of which the exposition building are being constructed.

The official title of the exposition is to be the International Exposition of Electrical Industries and the General Spanish Exposition. The ground allotted by the government for the purposes of the exposition is 270 acres in extent and if necessary 220 acres will be added, this depending on the amount of space asked for by exhibitors. Up to the present arrangements have been made for the erection of buildings covering a space of 2,500,000 square feet, and the architects have finished the plans and begun the erection of the chief pavilions.

One of the features of the exposition is to be the Palace of Light, where will be shown the most recent inventions from all parts of the world in connection with electric lighting. Other pavilions are to be devoted to exhibits of electricity propelled implements for agriculture and industry.

In the exclusively Spanish department a great display is to be made of the progress of Spain in industry, commerce, science, art and social life, while the South American republics are each to have a pavilion of their own.

Lord Glanely Purchases Yearling Colt

DONCASTER, Eng., Oct. 13.—A yearling colt by the famous English racehorse, "The Tetrarch," out of the equally famous mare "Blue Tit" has been purchased by Lord Glanely, a racehorse owner, for £15,220. This is believed to be a record price for a thoroughbred yearling.

Chauffeur Thought He Was Shot

PARIS, Oct. 13.—M. Destrez, a business man of Argenteuil, a suburb of Paris, was driving in a taxicab yesterday when a fire burst. At the report the chauffeur leaped from his seat without stopping the motor and running at the top of his speed shouted: "I am shot." The taxicab was stopped by a convenient lamppost. The passenger was unhurt. At a police station, he found the excited chauffeur telling the police he had been shot from behind by his fare. So many chauffeurs have been shot by their fares lately that Parisian drivers are somewhat nervous.

Annual Public School Convention

Opens Tomorrow at Queen Mary School

The annual convention of the South Hastings, Belleville and Trenton Teachers' Institute will open tomorrow morning at Queen Mary School. Venerable Archdeacon Beamish will open the proceedings and Mayor Riggs will deliver an address of welcome.

In the afternoon the convention will divide into sections under the following chairmen: Rural, Miss Ethel Adams; Primary, Miss F. Vandervoort; 1st grade, Mrs. A. Hardman; 2nd grade, Miss E. H. Bensley; 3rd grade, Miss F. Shummons, 4th grade, Lt.-Col. Barragar.

At the evening meeting, Mr. A. McGie, chairman of the Board of Education, Rev. Dr. Cleaver will give a lecture on "Jean Val Jean."

On Friday morning the convention will be continued, the features being the address by the president, Mr. Lester Ross; addresses by Mr. Ingall, Inspector Clarke, and Miss Ethel Adams.

Believe MacSweeney is Receiving Food

NEW YORK, Oct. 13.—That the hunger-striking Mayor of Cork, who today begins the sixty-second day of his hunger strike, is being fed in Brixton prison, is the view of a large number of representative New York medical men, according to The Herald today. The unanimous opinion of these men of science was that MacSweeney must have been taking nourishment of some kind in addition to water. The statement in yesterday's news cables that prisoners had been given grape juice explained many things to New York doctors who say that the prohibition cocktail has considerable food value.

Further Arguments for Deepening of St. Lawrence

TORONTO, Oct. 13.—Further arguments for deepening of the St. Lawrence River to provide water way from the Great Lakes to ocean were presented by strong delegation before International Joint Waterways Commission at the City Hall today. Mayor Church after reviewing arguments for and against scheme declared that it was the international duty to develop water power wherever possible and to complete natural high way to the sea. Speaking of the proposed St. Lawrence route, in comparison with other schemes advanced he said: "It is the shortest by some hundreds of miles from any of the lake ports to Liverpool or Northern Europe." Mayor Church said that the port of Toronto had been rebuilt at a cost of twenty-six millions and a lot of it would be wasted without deepening the Welland and St. Lawrence Canals. "We had visions of both of these or we would never have started our great harbor developments," he said.

A Ready Weapon Against Pain.—There is nothing equal to Dr. Thomas' Electric Oil when well rubbed in. It penetrates the tissues and pain disappears before it. There is no known preparation that will reach the spot quicker than this magic oil. In consequence it ranks first among liniments now offered to the public and is accorded first place among all its competitors.

THE MARKETS

TORONTO MARKETS.
TORONTO, Oct. 13.—Quotations on the Board of Trade yesterday were as follows:
Manitoba Wheat (1st store St. William) No. 1 northern, \$2.37 1/2; No. 2 northern, \$2.35 1/2; No. 3 northern, \$2.24 1/2; No. 4 wheat, \$2.11 1/2.
Manitoba Oats (1st store St. William) No. 1 C.W., \$1.15 1/2; Extra No. 1 feed, 68 1/2 c; No. 1 feed, 62 1/2 c; No. 2 feed, 65 1/2 c.
Manitoba Barley (1st store St. William) No. 3 C.W., \$1.15 1/2; No. 4 C.W., \$1.06; Rejected, 90 c; Feed, 82 c.
American Corn (Track, Toronto, Prompt Shipment) No. 2 yellow, \$1.30, nominal.
Ontario Oats (According to Freight Outside) No. 2 white, 64 to 66 c.
Ontario Wheat (According to Freight Outside) No. 2 winter, per car lot, \$2.05 to \$2.15; No. 2 spring, per car lot, \$2 to \$2.10; Peas (According to Freight Outside) No. 2 nominal.
Barley (According to Freight Outside) Malt, \$1.10 to \$1.15; Buckwheat (According to Freight Outside) No. 2, nominal.
Rye (According to Freight Outside) No. 2, \$1.15, nominal.
Manitoba Flour, Government standard, \$12.20, Toronto.
Ontario Flour (Prompt Shipment) Government standard, nominal, in jute bags, Montreal, nominal, in jute bags, Toronto; \$5 bulk seaboard.
Mixed (Car Lots, Delivered Montreal, Freight, Bags Included) Bran, per ton, \$49.50; Shorts, per ton, \$54.50; Good good flour per bag, \$2.50.

CATTLE MARKETS

TORONTO LIVE STOCK.
TORONTO, Oct. 13.—Receipts of cattle were fairly liberal at the Union Yards yesterday—around 4,200 head—with a large percentage of the medium to common class though there were a few outstanding loads as the prices of \$14.50 will indicate.
Some fair good loads of western cattle sold around from \$14.50 to \$15.50, but the general range was around from \$9.50 to \$12.75. The stocker and feeder trade was a trifle stronger, and good milkers and springers were selling at satisfactory prices. Altogether we would say the market was good and steady with last week.
With around 7,000 sheep and lambs on sale yesterday the market was a good dollar a cwt. lower on the lambs, excepting for a few early ones. Best lambs sold from \$13 1/2 to \$15 1/2 on the early sales, but later in the day the market closed lower at from \$12 1/2 to \$14 1/2 a lb. yearling sheep from \$4 1/2 to \$6, light heavy sheep from \$4 to \$5 and heavy sheep from \$3 to \$4. The market closed with quite a number left unsold.
There was a fair run of calves and the market held steady for the choice veal, but all other classes heavy calves were a trifle lower. Choice veal sold from \$16 to \$17 1/2, medium veal from \$14 1/2 to \$17 1/2, grassers and common calves from \$12 1/2 to \$14 1/2. The hog market was unchanged, selling at 15 1/2 c. f. b., but the packer buyers are quoting 16 c. f. b. for Monday's loading, making it 15 1/2 c. f. b., 15 1/2 c. fed and watered, and 15 1/2 c. to the farmer.

BUFFALO LIVE STOCK.
EAST BUFFALO, Oct. 13.—Cattle—Receipts 4,800; good heavy steers and heifers, 25c to 50c higher; others slow. Shipping steers, \$15 to \$17; butchers, \$9 to \$12; yearlings, \$12 to \$15; heifers, \$5 to \$11; cows, \$2.50 to \$7.50; bulls, \$5.50 to \$8.50; stockers and feeders, \$5.50 to \$8.50; fresh cows and springers slow, steady, \$6 to \$13. Calves—Receipts, 2,800; steady, \$9 to \$20.
Hogs—Receipts, 12,000; good hogs, 25c lower; pigs 50c higher; heavy hogs, Yorkers, light Yorkers and pigs, \$11 to \$12; roughs, \$15.50 to \$16; pigs, \$8 to \$11.
Sheep and Lambs—Receipts 14,000; lambs, 50c lower; heavy hogs, 25c lower; \$7 to \$13; yearlings, \$6 to \$9; withers, \$7 to \$10; ewes, \$5 to \$6; mixed sheep, \$4.50 to \$7.

CHICAGO LIVE STOCK.
CHICAGO, Oct. 13.—Cattle—Receipts, 30,000; good and choice steers mostly steady; average loads, \$13.50 to \$15.50; medium and common kinds uneven, but averaging 25c to 50c lower; \$12.50 to \$14.75; desirable feeders, steady to strong; butchers cows steady to 25c lower; bulk, \$9 to \$12; grassy hogs, mostly \$5.75 to \$6.75;ologna hogs, slow, mostly \$5 to \$6.75; choice calves steady, \$8.50 to \$12; Receipts—Wheat, 12,000; best grade, slow to 25c lower, \$10.75 to \$13; common to fair kinds, 25c to 50c lower, mostly \$8.50 to \$12.25.
Hogs—Receipts, 27,000; mostly 16c to 20c lower than Saturday; average; closing steady at decline on better grades; others easy; top, \$16.10; bulk light and butchers, \$15 to \$16; bulk packing cows, \$14.25 to \$14.50; strong to 25c higher; bulk, desirable kinds around \$15.
Sheep—Receipts, 80,000; fat sheep and lambs steady to strong; average; western lambs on sale, top, \$12.75; natives, \$12.50; bulk, \$11.25 to \$12.25; choice feeder western natives, \$10 to \$12; top native ewes, \$5.75; bulk natives, \$5.25 to \$5.75; feeder lambs active; higher.

Prohibition Enforcement.
WASHINGTON, Oct. 12.—Prohibition enforcement for the fiscal year ending June 30, 1920, cost the United States \$2,100,000, according to a preliminary report by Internal Revenue Commissioner Williams, which shows that total collections of internal revenue for the year aggregated \$5,408,075,468; as compared with \$3,850,150,078 for 1919, an increase of \$1,557,925,390. These receipts for 1920, it was announced, include payment of the third and fourth instalments of the 1918 taxes and of the first and second instalments of the 1919 taxes, as well as various payments on account of additional assessments and amended returns of income and profits taxes for prior years resulting from field investigations and office adjustments.

In Peril on Lake.
KINGSTON, Oct. 13.—Grant Hutchinson, who was taken from his light in Lake Ontario, twenty-four miles from Kingston, was adrift for thirty-six hours, without food in a motor boat, during the storm last Saturday night. He was finally rescued by George Bilkey, a Chatham, Hutchinson went out Saturday to haul his nets and was caught in the gale. Fuel gave out and the wind blew him away from the islands. By using a pump to keep the credit head into the waves he kept afloat until rescued.
