

St. John's, N. S., Sept. 15.—In the morning a house on the corner of Water and Main streets, of a full and attractive appearance, was handled in a most satisfactory manner. His speech throughout was impressive.

The services in the Baptist church on Sabbath last were of more than the usual interest. The congregations at both morning and evening services packed the auditorium. In the morning the united congregations had the great pleasure and profit of listening to Gipsy Simon Smith. He showed the need of the Christian, especially the preacher, being anointed by the Holy Ghost in order that the gospel might be set forth in word and life. He then told what the gospel is and what it can do. Mr. Smith is well fitted for his chosen work. It is hoped that at some future time he may conduct a mission in our town.

LIBERALS PREVENTED IT.
This impartial statement is an ironical commentary upon the action of Sir Wilfrid Laurier and his party who had a great opportunity to lessen the heavy burden but cynically neglected it.

Laurier has stated again and again that he is a Liberal of the Gladstone school. Lord Haldane is also a Liberal of the same school and was until his appointment to the lord chancellorship one of its greatest exponents. The average Canadian would prefer Viscount Haldane's Gladstonian Liberalism because it is more in harmony with the dignity of Canada than that of Sir Wilfrid Laurier. It would not be difficult to guess which side Gladstone himself would have taken if he were alive.

Excursion to New Glasgow

On Friday last an excursion party of thirty representative farmers and fruit growers of Canada and other near places with several from Horton were taken on a free excursion to New Glasgow. Mr. Fuller of that place who is one of the officials of the Eastern Steel and Coal Co. of that town, organized the party and paid all the expenses of the trip which included a special car from Windsor and return. The whole party was enthusiastic over the trip and what they saw in enterprising New Glasgow, especially in the works of the Steel and Coal companies in that place. All the excursionists were even treated to a ticket to the theatre in New Glasgow the night they remained there and were dined at one of the best hotels. They returned home on the morning express on Saturday last.

SCHOOL OPENING

Acadia Collegiate Academy and Business College opened on Sept. 3rd with Dr. W. L. Archibald principal. The attendance this year will undoubtedly pass all records. Already the Academy residence is filled with three students in some rooms and every teacher has a room mate. Resident students number 75 and about 60 day scholars. Principal Archibald has added to his staff the following making ten teachers including the physical director:—
G. W. Waldrop M. A., of Harvard, E. C. Leslie of River Hebert Prof. J. Sievers of the College staff, teacher in German in Academy.

The business course at Acadia is one of the best equipped in the Provinces. It is directed by Mr. J. Ross MacLean who was 1st assistant at the Maritime Business Col-

Gold Headed Cane For H. Price Webber

Happy Presentation to Popular Theatrical Man in Westville, Pictou County, N. S.

The popularity of H. Price Webber, not only as a theatrical man, but as an individual, is everywhere conceded, but a tangible evidence of this admitted fact was given a few evenings ago during one of the performances of his capable company, headed of course, by Miss Edwina Gray (Mrs. Webber) and now playing through Nova Scotia and meeting the most generous patronage wherever they appear.

It was at Westville, N. S., the recent incident occurred, when, in the Acadia Theatre and at the end of the second act of the evening's play, the curtain was lifted and company and audience were delighted to witness the presentation of an elegant gold headed cane to the genial recipient.

The manager of the Acadia read the accompanying address. Mr. Webber in reply made a happy speech in which he thanked his kind friends for their favors. The audience and company joined in singing "For He's a Jolly Good Fellow" in a manner to make the welkin ring. The event will be long remembered.—Ex.

Leaves \$10,000,000 To His Widow

Mineola, N. Y., Sept. 11th.—the will of the late Dr. Oliver Livingston Jones, father of "General" Rosalie Jones, the suffragette leader, leaves an estate valued at from \$5,000,000 to \$10,000,000 to his widow. Dr. Jones shot himself with a pistol at his home in New York and died August 9th. Whether his death was due to an accident or suicide has not been ascertained.

Gurney-Oxford The Aristocrat of the Kitchen

After a glimpse into the kitchens of thousands of well managed homes throughout Canada, the Gurney-Oxford Range may truly be spoken of as the "Aristocrat of the Kitchen." It is the first range to-day in Canada both in point of appearance and cooking efficiency.

A bright nickel trimming that never tarnishes, a smooth polished top that never requires black lead, this range is to woman just one beam of gratification.

But besides its handsome appearance, the Gurney-Oxford more than fulfils the purpose every range is built for—successful cooking. It contains

a device called the Economizer which not only actually saves one ton of coal in every six burned in the ordinary range, but so regulates the heat in the oven that deliciously dainty cakes, golden brown biscuits, and light flaky pastry are sure results from every baking.

It is a range which elevates woman from the constant toil and labor in the kitchen to a higher level of life. Its Economizer allows her to go visiting or shopping and keeps a low fire ready for her return, when by simply turning the lever a hot fire is quickly produced.

Employ the Gurney-Oxford in your household.
