GALBRAITH PICNIC

One of the Largest and Most Successful Picnic's Ever Held in the County-Interesting Base Ball Matches for a Cash

The pienic was a grand success in every way. It was held in Alfred Galbraith's bush on the Creek road. Mr. John Galbraith, Sr., who lives on the town line range, Harwich, was the most conspictious person on the grounds, he being the giver of said pienic. Mr. Neil Watson, of Mull, was chairman of the ceremonies of the day and fulfilled the days. Mull, was chairman of the ceremonies of the day and fulfilled the duties most acceptably. On arriving at the ground, a fine spot for a picnic as it is, a very dense bush, there was heard the sound of bag pipers of Detroit. They were seven in number and they created quite an impression among the real old Scotch, who were most delighted. They had a stand for their own special use, while O'Neil's orchestra from Ridgetown, which included Mr. Thomas Gardiner, of Chatham, the cornet soloist, was in attentage at 1 prosoloist, was in attendance and provided excellent music both in the af-

vided excellent music both in the afternoon and evening.

A large dance platform had been built and the dancing was enjoyed by the younger people until late in the evening. There was a large number present from surrounding towns and villages and the day was spent most pleasantly by everybody. Mr. Thompson, of Chatham, had a booth on the grounds. Mr. James Baker, of Dresden, sang a few solos in the evening to the edification of everybody.

At 1.30 the Centre Line of Harwich and Northwood played baseball. The game was very interesting as both teams played good ball, the latter team winning by 21 to 16. The Northwood boys played a good game and deserve great credit. At 3.30 Ridgetown and McKay's Corners played the latter, winning by 12 to 5, after a quarrel in the seventh innings, in which Ridgetown left the field, McKay's Corners being left the winners. The latter game was a better exhibition of baseball than the former, as the score indicates. Mcbetter exhibition of baseball than the former, as the score indicates. Mc-Kay's Corners and Northwood clashed in the final game, which was for a trophy presented by Mr. John Galbraith, Northwood winning.

After the baseball game the dancing was resumed and continued until the hour for closing one of the most successful picnics ever held in Kent.

ABOUT PAVEMENTS Watermelons

Vivian Reeve of London an Old Chatham Boy has a Few Suggestions for the City Council.

Vivian Reeve, of London, an old Chatham boy, spent yesterday calling on his many Chatham friends. Mr. Reeve is well known here, having been organist of the Park street Methodist church for eleven years. In speaking to The Planet reporter he said:—

In speaking to The Planet reporter he said:

"I have never visited a place of the same size where there is as much enterprise as you have here in Chatham. I heard an old London man say the other day after a trip to Chatham that he was surprised to see the town going ahead so fast. Your paving construction is far shead of London.

"At the present time in London we are having great trouble with our paving, and the council is kept busy making motions and reseinding them by the actions of rival paying agents. We are now petitioning the government to amend the municipal act to give the councils of the different cities power over their own roadways. This will give the municipality a bigger voice in the matter of pavements and the agents will not have control of the streets through the property owners.

This is a good move and the Chat-

or the streets through the property owners.

This is a good move and the Chatham Council should co-operate with the London Council in getting this amendment carried through. In event of it being adopted the councils can go ahead, select the pavement and put it down.

"In London, however, conditions are different than they are here. There the city pays half the cost of every pavement and the property owners pay, each a quarter of the cost, according to their frontage; while here the property owners pay for the whole pavement, except at street intersections. I think our system in that respect is the better one, for the residents who live on a paved street are not the only ones who use the pavement. It is put down for the benefit of citizens generally.

"I always like to come to Chatham" concluded Mr. Pages.

"I always like to come to Chatham," concluded Mr. Reeve. "There is still a warm spot in my heart for the old town and I am glad to see the Maple City blossoming out into one of the prettiest spots in Canada."

GASHED KNEE

Richard Mead, of the Bell Telephone Company staff, sustained a painful injury yesterday. While trimming one of the company's poles the drawing knife he was using slipped and cut a deep gash in his knee, which, fortunately, missed the ten-dons. Dr. J. P. Rutherford, who was summoned, found the cut required several stitches and placed the in-jured member in a plaster coat.

GOES TO NORTH-WEST

Frank Richardson, of the 2 T's, leaves or

Frank Richardson, of the 2 T's, leaves on Tuesday morning on the Harvesters Exoursion for Jack Fish Lake, N.W.T., where he will establish a home for hinself with his brother Jack who is already there.

Frank is a very popular boy, and his many friends are sorry to see him leave Chatham. He has been a very successful cricketer and a very valued member of the Chatham team. Jack Fish Lake is situated near Battleford, one of the most thriving places in the North-West, and Frank should have a very bright future before him. He is followed by the good wishes of a very large ercle of friends.

Gus Croft, a lad, charged W. H. Mansell with mon-payment of \$10 wages, O. L. Lewis appearing for complainant and J. G. Kerr for deft. This case was adjourned till the 31st inst to secure necessary witness

NO LIGHTS TO-NIGHT

One of the Dynamos at the Electric Light station burned out last night and as a result part of the city was thrown into darkness, until the moon came out.

The dynamo will not be repaired and in working order to night so all of the residents in the west end of south Chatham will understand the reason if they notice that the lights in that vicinity are not burning.

The circuits over the river and over the west side of south Chatham will however be in working order.

It is expected that everything will be all right by to morrow night.
