Fined for Spreading Influenza. London, Jan. 2.—Influenza is epidemic

LONDON, Jan. 2.—Influenza is epidemic in the eastern part of the county of Kent. In Dover, one of the principal towns of the county, the authorities are attempting to stamp out the disease by a rigorous application of the laws pertaining to the public health, which make it an offence for a person suffering with a contagious disease to vieit public places. It is generally considered by the medical authorities that influenza is a contagious disease, and consequently a number of persons who were suffering from that malady and who had frequented public places were charged with violating the health law. They were convicted, and each of them was fined £5.

It is believed to be the first instance, in England at least, of persons suffering from influenza being fined for endangering the public health by coming in contact with cublic health by coming in contact the general public.

Two thousand people were watching, but no one dared to interfere. were watch interfere.

Gibralita, Jan. 2.—Advices received here from Tangier, the diplomatic capital of Morocco, report a serious state of affairs in the vicinity of that city. SPECTED MURDER WHICH TURNS OUT TO B

Berial, Ont., Jan. 3.—(World's special)
—Saturday a report was current around
town that a man had murdered his wife
at Waterloo some time last week and
buried her body in the garden. An old
couple named Schwarts, together with
their son and daughter live in a cottage
near the Elmira branch of the G.T.R.
The couple are both over 60. They are
also very miserly. They have plenty of
money in the house, nevertheless the old
woman frequently goes out into the country begging. The couple follow the cocupation of repairing shoes. There are
frequent quarrels in the house, in which
the old man and his son will eventually
beat the wife and mother. On Wednesday
last, 23rd Deo., Mrs. Schwartz disapppeared and has not been seen since.
That day, it is said, her husband beat
her most cruelly. The neighbors not
seeing her around for nearly a week, began
to grow suspicious, and they went into the
Schwartz garden and found in one place
that some one had been digging a hole and
had again covered it up. It looked extreme. Ma. L. O. Barber has purchased from the Oatario Experimental Farm their batch of lambs, 666 in number, for pres-ent and Easter delivery, at an average price of about \$5.75 each. A HOAX. The remains of the late Dr. Worsfold, who died in Chicago on Saturday, are to be brought here for interment to morrow afternoon. THE Professors of the O. A. College, are leaving today for their Institute work, which will take up the next three weeks. THE Second Baptist church had a deeply interesting service of song last eveuing, varied by responsive readings and brief comments by the pastor. Mr. Jas. Reeve took the morning service.

At Knox church, Mr. R. Cockburn, of Knox College, whose home is in Puslinch; preached in the morning, and Prof. Shaw in the evening. Mr. Beattie was absent in Toronto. Schwarz garden and found in one place that some one had been digging a hole and had again covered it up. It looked extremely suspicious to them, they of course thinking Sohwarz had killed his wife and buried her in the garden.

A warrant was issued by Benjamin Divitt, J.P., for the father and son, who ware arreated by the Waterloo milieman. A NUMBER of Guelph chicken fanciers shipped a number of birds this morning to Bowmanville for competition at the Ontario Poultry Show, which is being held in that town this week.

Divits, J.P., for the rather and son, who were arrested by the Waterloo policoman and lodged in the lockup. Yesterday a farmer came into town and said that he had seen Mrs. Schwartz board a train at Berlin with a ticket for Baltimore, where she had a daughter living. Jaffray & Co. of this town then telephoned up that they had sold Mrs. Schwartz a ticket for that city.

had sold Mrs. Solawartz a tioner for mas-city.

This, of course, was a satisfactory ex-planation of the affair and the prisoners were released. The address of Mrs. Schwartz's daughter in Batimore is not known, and as yet no word has been re-ocived from the missing woman.

The two murder suspects were not re-leased until yesterday afternoon. They had not said anything about the woman's disappearance, as they fully well knew the cause, and did not want it to come out.

Fire in Seaforth. SEAFORTH, Jan. 2.—A very disastrous fire occurred here about three this morning, by which the contents of the stores occupied by John Bestte, dry goods and millinery, and that of Jackson Bres, merchant tailors and genes furnishings, were destroyed. The amount of the loss is not fully known, but it is fully covered by insurance.

Fire in Listowel. Lisroval, Jan 2.—A fire broke out last night in a wagon and blacksmith shop situated on the west side of Mill street, which was totally destroyed with most of the contents, also a large dwelling adjoining.
