The Safe Range-Burns Natural Gas

WicClary's "Caloric" Gas Range has A "Safety" Lighter

Nine out of ten women are afraid to light Nine out of ten women are afraid to light the oven burners of an ordinary gas range. But the owner of a "Caloric" never hesi-tates to light the oven burners "Caloric" has a "Safety "Lighter, which is directly connected with oven burners. Just place lighted match at Safety Lighter, and turn on oven burners. A small flame first ap-pears at the "Safety," and this small flame is immediately carried to the oven burners which are lighted instantly. No accumu-lation of one or receivability of explosion on the "Caloric," The "Caloric" is not an ordinary range, but is "different "in many ways, as you can see for yourself by call-
