Case of Theft—Aroostook Workmen Come to N. B.—A worthy Industry—Personal and Social Notes

On Saturday night or early Sunday morning there was stolen from the Central Hotel stables a number of furs belonging to David Feldman of Woodstock. Immediately upon discovering his loss Mr. Feldman had a warrant sworn out and he and Constable J. Ryan have been scouring the country in search of one whom they have good reasons to suspect. At the time of writing, however, the suspect has not been apprehended. Mr. Feldman places his loss at \$50.

A very large number of teams passed through town during the past week en route to the lumber woods, a large number coming from Aroostook county, where it is rumoured that the wages offered are not as alluring as those being offered by our own lumbermen. Most of the teams were bound for the head-waters of the Miramichi.

A great deal of farm produce is on the move. The below mentioned are the average prices which were paid by local merchants during the past week: Hay, pressed, No. 1, \$11; Potatoes, \$1.65; Pulp, \$10; green wood, elabbed 16 in., \$10. Long lumber and lath were also on the move.

An interesting experiment is being tried out by two Wicklow men, who believe that the Carleton county farmers can grow wheat, which when manufactured into flour by Carleton county millers, should be welcomed by Carleton county housewives. To this end they put up their flour in neatly arranged 98 lb. bags, bearing the words in red lettering, "98 lbs.—Andrew and Otis Shaw, Growers of Seed Wheat, Florenceville." A certain amount of this flour has been left for sale with local dealers, and those housewives who have used it declare it to be of real good quality.

TOWN LIGHTING CONTRACT MADE

All Parts of Town Will Have Light But Cost Will Be Greater

The special committee of the Town Council appointed to deal with Hartland Electric Co. for street lighting had a conference with the company on Saturday evening and as a result arrangements were completed for having the street lighting wires extended south to near the residence of A. D. Kennedy, north to near the Andrew Alton residence, east on the Rockland road to near the Birmingham home and out to the end of Hillcrest. This is altogether a much greater service than was planned for a month ago, but the demand of the remote citizens was insistent, and their interests were provided for notwithstanding the proportionate cost was great.

When completed Hartland will have a most creditable street lighting service.

HYDRO SURVEYS EXPECTED SOON

Conferences to be Held Regarding Development in Northern N. B.

Fredericton, Jan. 21—Surveys for a hydro transmission line which would connect up the North Shore counties from Campbellton south with the proposed hydro development at Grand Falls on the St. John River and would also provide for construction of a highway across the northern counties of the province, from Campbellton in Restigouche to St. Leonard's or Edmundston in Madawaska county, are expected to be ordered soon.

Conferences will be held here this week in which Premier Veniot and Hon. J. E. Michaud, member of the New Brunswick Electric Power Company, are expected to participate.

SPECIAL SERVICES AT BAPTIST CHURCH

Good Results are Manifest and the Meetings Continue

The services, last Sunday, at the Hartland United Baptist Church were of a special nature and exceptionally well attended. In the morning the sermon was delivered by Rev. Capt. F. C. Rideout of the United States Army. Capt. Rideout took for his subject "The other Christ," and for more than an hour held the closest attention of his large audience. A duet, "The Old Rugged Cross," by Miss Elizabeth Hayward and Mr. G. E. Knight was specially well rendered.

In the afternoon at the close of the Sunday School, a men's meeting was held in the auditorium. The pastor asked for a hundred men, and much to the delight of all more than a hundred assembled and enjoyed a most inspiring service. The address of the afternoon was delivered by Mr. G. E. Knight on the subject, "What will the Harvest be?" Mr. Knight is a clear, forceful speaker, and because of his wide experience with men was able to hold the undivided attention of his audience to the end of his inspiring address.

In the evening the pastor, G. F. Bolster preached on the subject, "Lost." The congregation that assembled was one of the largest ever seen in the church. The duet by Miss Hayward and Mr. Knight, and the solo by Mr. Knight were well received by the large audience.

The special meetings which have been in progress for the past two weeks will be continued through this week. Thus far a considerable number have accepted Christ as their Saviour while others have had their spiritual life revived.

Next Sunday the pastor will preach at both the morning and evening services. In the evening the subject will be "Why I believe in and practice immersion." At the close of the evening service the ordinance of baptism will be administered.

Today dealers are paying \$1.50 for potatoes; \$1.10 for hay; 40 cents for oats; 40 cents for eggs; 35 cents for butter. Farmers and all of us are delighted with the advancing prices of potatoes.

Five City Blocks

Moir's plants in the centre of the city of Halifax are all heated by a central heating system, the steam being carried by underground conduits over an area covering five blocks. Other plants in other sections of the city have their own heating systems.

More than one clergyman

gives, in his recipe for domestic happiness, directions to the husband to bring home chocolates to his wife just as he did before he was married.

But then—man likes Moir's Chocolates so well that there might be a row over the division, unless one arranged to take one layer, the other the second.
