NO MORE NERVOUS HEADACHES

Since She Tried "FRUIT-A-LIVES", The Famous Fruit Medicine.

MISS ANNIE WARD
 112 Hazen St., St. John, N.B.
 "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-live'. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-lives'."

After I had taken several boxes, I was completely relieved of these troubles and have been unusually well ever since."

Miss ANNIE WARD.
 'Fruit-a-lives' is fresh fruit juices, concentrated and increased in strength, combined with finest tonics, and is a positive and reliable remedy for Headaches and Constipation. 50c. a box, 6 for \$2.50, trial size 25c. All dealers or Fruit-a-lives Limited, Ottawa.

St. Nicholas In Camp

'Twas the night before Christmas and all through the camp, Not a sound could be heard but the sentry's tramp, tramp. The boys were all sleeping quite snug in their bunks. With occasional snoring in good solid chunks. Some were a-dreaming of homes far away And mothers preparing for the world's holiday; Others of sweethearts and what they might send.

To brighten the day and happiness lend— When all of a sudden there rose such a clatter. All sprang up to see what the world was the matter. They rushed toward the trenches expecting the Boches. "aching to give them some rather rough punches— When what to their wondering eyes should appear. But a convoy deep loaded with Christmas cheer— Parcels and boxes and everything good— While high on the pile old St. Nicholas stood, A-bowing, and smiling, and beckoning to all And easily looking as though he might fall. His face was familiar to all within sight. He was given no challenge, so great was delight. With a wink of his eye and a twist of his head He gave all to know they had nothing to dread. For pausing a moment, he went straight to work, And selecting a package he gave it a jerk And sent it a-flying while calling a name. As the boy it was sent to was answering the same; Then to one and another a parcel he gave, Till each hut was still as a newly made grave. As the huts filled with joy at the gifts they received, Hugged them and kissed them, as though they believed Those gifts were 'most human. And Santa looked on Tight gripping his wheel and tooting his horn, Still bowing and smiling; then turned to the right And said "Merry Christmas," and "to all a good night."

FORCED CHANGE IN WARFARE

Work of Daring Air Scouts Has Eliminated All Possibility of Surprise Attacks.

The first war use of airplanes was for spying upon the enemy. Mounted patrols used to do this work. They would try to gain some height from which they could look down upon the opposing army and size up its forces. But the airplane proved far superior to any other form of scouting, because it gave the scout an unobstructed view of the surrounding country for miles and he could see just what the enemy was doing. He could see whether large forces of men were collecting anywhere for a drive at some particular point. He could locate the artillery of the enemy and discover his weak spots. And so it came along that there was a complete change in warfare. The surprise movements that used to play such an important part in former days are a thing of the past. No general of today can expect to spring a surprise on the enemy as long as there are enemy eyes in the sky.

Modern long-range guns are placed far behind the battle line. They may be as much as five or six miles behind their own lines, well concealed in some wood or back of a hill. The gunners cannot see what they are firing upon, but their aim is directed by a spotter in some observation post, such as a captive balloon or a tall tree. But the best observation post is one that can take wing and soar over the enemy during a bombardment. From such a post the spotter can see just what his own artillery is doing, and he can signal back when a shell goes beyond or falls short of the mark. Such airplanes are constantly prowling around in search of suspicious objects for the big guns to shoot at.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade — Two Interesting Letters.

So many people suffer from derangements of the liver that we feel sure these two reports, just recently received, will prove interesting, reading and valuable information to many readers of this paper.

Mrs. E. L. Harris, Kentley P.O., Sask., writes: "I was suffering from liver trouble and a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work, over-eating, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment at that time. Then, about two or three years afterward I was troubled again with the swellings, but only on one side. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"To have also found Dr. Chase's Mucosa and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 36c a box, 6 for \$1.00, at all druggists or Buchanan, Bates & Co., Limited, Toronto.
