

CUSTOMS OFFICER PRAISES TANLAC

Says Wife and Mother-in-Law Were Both Wonderfully Benefited

G. W. McKay, a Customs Officer at Beaver Harbor, Charlotte county, N. B., called at the Ross-Drug Store in St. John the other day for a bottle of Tanlac, and on being asked if he could recommend the medicine said:

"Yes, indeed, it's a pleasure for me to endorse Tanlac, for both my mother-in-law and my wife have taken it and after seeing it used with such splendid results in my own family I could not do otherwise than recommend it."

"My mother-in-law was about as badly run-down as people get to be. She had no appetite at all and she could not eat anything but what disagreed with her and causing her great distress. She had become very nervous and restless, couldn't sleep at all well and hardly had strength to get around."

"We were so impressed with what others said about Tanlac that my mother-in-law wanted to try it, and it couldn't have done her more good if it had been made especially for her case. It soon corrected her stomach trouble and she can eat hearty and digest her food without distress or pain. Now her appetite is just splendid and she is eating just anything she wants, and, judging from the way she looks, her weight must have increased at least ten pounds. She can now sleep well, looks many years younger and is always praising Tanlac. My wife took it, after being poorly for sometime, and it has also done her a world of good, so I am glad to recommend Tanlac as an extra fine medicine and one that I think should be in every home."

Tanlac is sold in Hartland by Estey & Curtis Company, and E. L. Field, Bloomfield, and by the leading druggists in every town.

Missing Hunter Is Found Drowned

F. C. Kenny, a native of Glenville, Carleton county, who was engaged with a Provincial Government survey party on the headwaters of the Miramichi about 48 miles north of Newcastle, was found drowned Saturday. The young man went off on a hunting trip Tuesday, and when not seen for some time, a searching party was sent out for him. They found an upturned canoe in a lake not far from the camp, and later the body was found. The deceased was a returned soldier and the son of R. H. Kenny.

PRICE vs. VALUE IN SHOES

In buying shoes (and everything else as well), it's value you want. Imported shoes cost more because of the freight, duty and exchange. These things don't add to the value of a shoe. They only increase its cost.

This store has one mission in life. That is to give you the best value. Made-in-Canada Shoes are today better value, grade for grade, than shoes imported from any country. They reflect the very latest and best styles and shapes. The material is honest. Workmanship is high grade. And so, because the prosperity of this store depends upon service to our customers, we sell and recommend Made-in-Canada Footwear, knowing that we can thereby give you the best value and satisfaction.
