

Honourable Gentlemen of the Senate.
Honourable Gentlemen of the House of Commons.

Many of the subjects I have enumerated are of the greatest importance. It is with full confidence in your patriotism and wisdom that I commend them to your consideration, and I trust that a gracious Providence may guide your counsels in whatever way may best promote the happiness of the people of Canada, and the welfare of the empire at large.

THEATRICAL.—Mr. Geo. E. Wilson, formerly stage manager for Bidwell & Brown's, and late of Wilson & Clarke's Provincial Boston Theatre, is now in town, and the guest of his former partner, Mr. C. H. Clarke. Mr. Wilson has just arrived from Newfoundland, one of the oldest of British Colonies, where he has been playing since May last. His health has compelled him to suspend for a while and rest. During which vacancy it is reported that the old and popular firm of Wilson & Clarke will be reorganized in such a style as to eclipse anything heretofore attempted, for the furtherance of which a monied party of no ordinary means will support them with the needful. In the mean time we learn that Mr. Wilson has been offered a complimentary testimonial, in which some prominent Boston professionals have promised to be present. We await further developments, as such an occasion will prove of no ordinary merit. If experience merits success, certainly both Messrs. Wilson & Clarke deserve it. —*Lawrence (Mass.) Eagle.*

A DESPATCH, dated Minneapolis, January 14, describes the terrible effects of the late snow-storms in the State of Minnesota. Eight people were known to have been frozen to death at Morris, and six or eight others have suffered the same fate elsewhere in the country. Two men were found near St. Peter sitting upright in a sleigh, frozen stiff, and wrapped in buffalo robes. At Washington, two teamsters were frozen to death, and near Sioux City three others shared the same fate. The railroad labourers engaged working in the snow banks are reported as suffering terribly, many of them having been severely frostbitten, but none fatally. The storm which has just past over Minnesota is described as by far the most terrible that has visited that portion of the States since the first settlement.

Another body from the wreck of the Northfleet was washed ashore recently between Dover and Folkstone. It was that of a married woman, not yet identified.

The "Velasquez," one of the vessels suspected of running down the Northfleet, has been examined at Havre. The investigation proves that she has not been in collision with any vessel.
