SHOCKED

Bridget walked into the drawing-room and announced:

"Please, m'm, the new neighbors is going to cut their grass, and wants to know if you will lend them the lawn-mower."

"Lend them the lawn-mower to cut the grass on the Sabbath!" ejaculated the mistress, highly shocked. "Certainly not, Bridget, tell them we haven't one."—Vancouver Province.

Warden then read report of a trip into the heart of the mountains can do so at minimum expense.

The camp at Mt. Assiniboine and the "Overnight Camp" on the way thither from Banff will be open to the public from the first of July until the end of September, except during

the two weeks when they will be occupied by members of the Alpine Club. At any time during the summer walking tours may be taken to Mount Assiniboine and these camps will be open to furnish good meals and a bed to the tramp at the end of his day's journey. There is only one way to really see the mountain and that is on foot, but so far this pleasure has been confined to the very few, on account of the difficulty of carrying food and bedding. There difficulties are now to be removed and it is planned in coming years to arrange many such walking and riding tours for the benefit of the public.

In conclusion the director quotes the verses of a gifted Calgary poetess, Miss Marian L. Moodie:

A Harvest of Bargains AT CREAGHAN'S JANUARY SALE

All over the store reductions range from 20 to 50 per cent. the greatest slaughter of prices you ever witnessed. Woolen Goods are cut the deepest, and if low prices mean anything they will go with a rush.

Come today and come often and save, Sale lasts 10 days more

CANADA --- THE NEW SWITZERLAND

Sections of the Alpine Club of Canada in all parts of the Dominion have received the anniversary message of the director, Arthur O. Wheeler, Interprovincial boundary survey commissioner for B.C. There is much in this document of special interest to members of the club, but there is also a great deal which affects the general public, since it looks forward to a greatly increased tide of summer travel into the fastnesses of the great hills.

The director's message opens with comments on the prosperous standing of the club and the success of the camp at Yoho lake last summer. Thanks are also tendered to many who helped to make the camp successful. Mention is made of renewed photographic activities in the mountains and of the fact that the challenge cup for competition by amateur mountain photographers was won last summer by Dr. H. E. Bulyea of Edmonton.

With reference to the erection of a suitable memorial to the glacier members of the Alpine club, the director says: "It is decided to do this on two separate lines, first to place a record of all our members of military service and particularly those who have joined the supreme honor roll on the club house grounds at Banff, and second, the erection of a hut above timber line at some serviceable place in the Canadian Rockies for the use of our members and possibly the public who are interested in making mountain climbs."

With reference to independent mountaineering during the past year mention is made of the first ascent of Mt. King George, and several other peaks of the Royal Group, lying in a hitherto unexplored district fifty miles southwest of Banff. Mt. Sir Douglas and Mt. Joffre were also climbed for the first time last summer.

After some comment on the Banff winter carnival, in which the Alpine club takes an active interest, having been donors of a challenge cup for hockey, the director takes up the matter of the forthcoming "Welcome Home" camp to be held at Mt. Assiniboine from July 20th to 31st, 1920. At this camp more than 300 people will be placed under canvas and the special feature will be the fact that all returned members will attend as guests of the club. The camp will be situated three days' journey from the railroad and transportation of baggage will be by a specially organized pack train known as the "Alpine club pack train." Of special interest to the general public is the fact that this pack train will be in operation throughout the summer, and anyone wishing to make a really interesting trip into the heart of the mountains can do so at minimum expense. The camp at Mt. Assiniboine and the "Overnight Camp" on the way thither from Banff will be open to the public from the first of July until the end of September, except during

poetess, Miss Marian L. Moodie: Oh wind that comes out of the West, Oh wind that comes out of the West, the land of the sunset skies, Where far o'er yon mountain's crest those glorious colors . . . You bring me the fragrance . . . the coolness of mountain snow, The music of falling streams by the hills where the lilacs grow.

Oh wind that comes out of the West, you sigh on your way to the plain. The mountain is the best. Will you not come back again? Glow skies with your golden light, How softly wind from the hill, you bring me a longing tonight, Oh wind, only the mountains can fill the verses of a gifted Calgary

Lower Your Coal Bills

With A **'HECLA'** PIPELESS FURNACE

It will cost you less for coal to heat your whole house with this furnace than it will to try and heat it with stoves.

It will cost you less for coal with a "Hecla" Pipeless than with any other heating system!

The "Hecla" Firepot has three times the heat radiating surface of any other furnace because it is ribbed with flanges of steel. For that reason it gives quicker heat—and more heat.

Owners say that this exclusive "Hecla" feature applied to pipeless heating means wonderful fuel economy.

At today's price of coal you do not need to save many tons to pay for a "Hecla" Pipeless.

Patented Fused Joints are another superiority of the "Hecla" Pipeless. They are proof against leaks of gas and dust.

And in the "Hecla" Pipeless you get an extra big water-pipe—that runs all around the furnace. Thus, every room in the house is supplied with air that contains a healthful degree of moisture.

It takes but a day to install a "Hecla" Pipeless. Our booklet "Buying Winter Comfort" describes all the other advantages fully—tells why it keeps the cellar cool for vegetables, why it heats every room properly, why we guarantee it absolutely. Write for it now. There's lots of zero weather ahead. Why not enjoy the comfort a "Hecla" Pipeless gives, and begin saving your coal bills now—this winter.
