occupied in dealing with Cold Storage

large concessions to the Reid-New-

they were discussed in the Legislature

somebody "let the cat out of the bag."

There was widespread criticism over

the granting to this private concern

of any big concessions and induce-

ments and the matter was ventilated

was that the Government "smelt a rat"

and adjourned the proceedings of the

House for four days. Meanwhile the

Resolutions were made more general

individual to enter into a contract for

the building of cold storage plants and
