THE BLOCKADE.

LONDON, Nov. 28.
The Times says that the absurd
idea of throwing aside their chief
enemies probably will consider the
blockade of the Kaiser is absolute-
ly unworkable. The Allies have not the
intention, the Times continues,

KING GEORGE IN PARIS.

PARIS, Nov. 28.
King George accompanied by the
Duke of Wales and Prince Albert,
arrived in Paris to-day. His Majesty
was received at the Bois de Boulogne
by President Poincaré, Premier
Clemenceau, Foreign Minister Pichon
and other cabinet ministers and the
Presidents of the Chambers of Deputies
and the Senate. Troops lined the
route and they had difficulty
in making their way through the
crowd. The king and queen were
met at the Hotel de Ville by the
mayor of Paris, and then they went
to the Hotel de Ville to receive the
keys of the city.

BOLSHIEV SUCCESSSES.

HELSINGFORS, Nov. 28.
Reports from the Baltic province of
Esthonia, Wednesday, said that Rus-
sian Bolshevik troops on Tuesday
captured Pakovi, 60 miles southwest
of Petrograd. The fate of the volun-
teer northern army was unknown. It
was also reported that Dundaborg, 110
miles southeast of Riga, had been taken
by the Bolshevik forces and that
Marva, 81 miles southwest of Petro-
grad, was being bombarded.

THE KAISER.

LONDON, Nov. 28.
A despatch to the Daily Mail from
Amerongen, Holland, says the stories
regarding the former German Emper-
or's princely surrounding and big din-
ner parties and similar functions are
not altogether true. The most strik-
ing feature of the daily life of William
Hohenzollern, the correspondent con-
tinues, is the mass of correspondence
to which he devotes most of his morn-
ings and apparently unrestricted by
the Dutch government. He is kept
accurately informed of every develop-
ment in Germany and elsewhere, and
is reported to be about to keep in close
touch with the other side of the
frontier. The correspondent says he
learns on good authority that the
Netherlands Government considers
the former Crown Prince the most dan-
gerous intriguer, the former em-
peror's day being regarded as ended.
It is commonly reported at Ameron-
gen, the correspondent declares, that
William Hohenzollern will not be
there long but it is uncertain whether
he will go.

STRIKES IN BERLIN.

BERLIN, Nov. 28.
Unorganized strikes have broken
out in several of the large plants
around Berlin. They are wholly lo-
cal in nature and are the result of
demands made by the workers for a
fixed rate of daily wage instead of a
piece schedule. Former workers in
the munition plants are insisting on
the continuance of the prosperity
wages paid during the war, whereas
the employers are now starting a
peace production and are striving to
realign the wage conditions. Several
of the plants have shut down. Un-
less the situation at the coal mines and
the transport service shows immediate
improvement, Germany will be forced
to inaugurate more rigid fuel economy.

CAN BE EXTORTED.

PARIS, Nov. 28.
William Hohenzollern can be ex-
truded in the opinion of Prof. Ba-
thelmy of the Paris Law Faculty,
who explains that the rule principle
is that when there is an apparent con-
flict between law and common sense,
the solution is always found by fol-
lowing the latter. The theory that a po-
litical crime is any crime inspired by
purely political motives, the professor
declares has long been abandoned.

FOR DISTINGUISHED SERVICE.

WASHINGTON, Nov. 28.
Officials of the Independent Order of
Nalbrith presented to President Wil-
son to-day the gold medal awarded
him by the society last October, as the
man who rendered the most distin-
guished service to humanity during
the past year.

MOVING ON.

LONDON, Nov. 28.
Advances guard of the British
troops have reached the Belgian-
German frontier in the region between
Beno and Stavelot and are in posses-
sion of more than 1,400 surrendered
German guns, according to an official
communication issued to-night.

ENGAGEMENT.

NEW YORK, Nov. 28.
The engagement of Miss Margaret
Carnegie, daughter of Mr. and Mrs.
Andrew Carnegie, to Roswell Miller,
of this city, was announced to-night.

Council is negotiating with the Hun-
garian and Czech Governments for the
purpose of securing their co-operation

The Influenza.

The influenza epidemic has had a
much greater toll in Bay of Islands
than the four years of war. Some
forty deaths or more have resulted;
these include people of all ages.
Among whom were Mrs. Wm. Messer-
vey and Mrs. Frey, aged 85 and 86
years, respectively; Mr. John Prit-
chard and his son of Corner Brook;
Mr. John Griffin, a family man of
Humbermouth; Mrs. Geo. Prosper who
died a week ago; Mr. John McCue died
Sunday, Mrs. W. J. Boland died Mon-
day morning, Mrs. John McDonald
died a couple of weeks ago, Mrs. A.
Brookway died last week; these were
all of the middle aged class, and there
have been several deaths among
children and young people. At Mid-
die Arm practically everybody was
down with the disease at one time.
There was only one death at that
place. The disease seems to be on
the wane here now, and it is hoped
within a few days those now afflicted
will be able to get around again.
At Bay St. George there are many
cases. A hospital has been made of
the upstairs of the Court House which
has been fitted with number of beds,
and a nurse went there last week—

STEAMERS COLLIDE.

NEW YORK, Nov. 28.
The inbound Norwegian freighter
Jephthow from Rotterdam while enter-
ing the lower harbor here to-day early,
during a dense fog, collided with an
unknown steamer. A large hole was
stove in the Jephthow's port bow. The
ship disappeared in the fog.

THE KING'S RECEPTION.

PARIS, Nov. 27.
King George who arrived to-day at
Boulogne is expected to reach Paris
at 2.30 o'clock Thursday afternoon.
The arrangements provide for the
King's reception at the small station
at the principal gate of the Bois de
Boulogne. The avenues leading to the
Place De La Concorde and across the
river to the ministry of Foreign Af-
fairs, transformed during the King's
stay into a royal palace will be lined
with crack French regiments particu-
larly chosen from among those which
fought during the war in close con-
junction with the British army.

NEW TRIAL OR STRIKE.

DETROIT, Nov. 28.
At a meeting of the Detroit Federa-
tion of Labor last night, delegates re-
presenting approximately twenty
thousand union workers, unanimously
voted for a general strike on Dec. 9,
unless Thomas J. Mooney, waiting ex-
ecution in California next month, is
pardoned or given a new trial by that
time.

PERU PACIFIC.

LIMA, Peru, Nov. 27.
The Peruvian Government is appar-
ently determined to prevent the oc-
currence of untoward incidents in
connection with the Peruvian-Chilian
dispute. The situation continues calm.
The only incidents reported to-day was
from Callao where the port workers
are refusing to handle cargo from
Chilean steamers. No demonstrations
have taken place.

WOMEN WORKERS RETAINED.

WASHINGTON, Nov. 28.
Women railroad employees, about
one hundred thousand in number, who
were added to the pay rolls on account
of the war, mainly as clerks and sten-
ographers, probably would be retain-
ed permanently, it was said to-day at
the headquarters of the railroad ad-
ministration.

lized to hold the dishes after they have

Lost the Bet.

The small office boy invariably
turns up at his employer's with a par-
ticularly dirty face, and one morning
he appeared with the remains of a
breakfast round his mouth.
"I bet you sixpence," said one of
the junior clerks, "I can tell you what
you had for breakfast this morning."
"Don't," was the reply.
"It was eggs," said the other, tri-
umphantly.
"You're wrong," said the office boy,
with a grin: "what you see on my
mouth is yesterday's."

The Ethie.

The S. S. Ethie returned from the
Straits Sunday afternoon. She brought
an exceptionally big mail, having cal-
led at places passed by the Diana, a
full freight, and a large number of
passengers. She reports several cases
of influenza at Port Saunders, and at
Bonnie Bay the disease has assumed
the proportions of an epidemic. In the
Straits there is no medical services,
and we would draw the attention of
the authorities to this condition, and
trust an effort will be made to re-
lieve the situation at once.

We are pleased to quote the following

from a letter which we have re-
ceived from a correspondent con-
cerning the delay in
getting the Ethie away from Humber-
mouth—
"I am sure Capt. English cannot
in any way be blamed for our long
list of troubles because, given any-
thing like ordinary good luck, he
would have done well. I know it to
be a fact that everyone down this
way has a good word for him on ac-
count of the courtesy and considera-
tion he has shown traders and fish-
ermen and his work generally since he
came to this coast.—Western Star.

Herring Fishery

BAY OF ISLANDS.

The herring fishery has been brisk
since our last issue, and some fish-
ermen have secured big catches. On
Friday and Saturday the fish made
their appearance in Humber Arm, and
on Monday some boats secured from 30
to 40 barrels. The Bay of Islands
Fisheries Co., on that day took 1,400
tubs, and the schr. Aviator while en-
tering took 600 tubs. There was a
slight slackening in Humber Arm, yester-
day at Middle and Penguin Arms
good fishing continues. The fish are
selling at from five to six dollars from
the nets.

BONNE BAY.

There was good herring fishing at
Bonne Bay most of last week, but like
at Bay of Islands the presence of the
"flu" has hampered operations some-
what.

Good herring fishing yesterday

to-day from Rocky Hr. to bottom of
Western Arm. Schr. Catherine Burke
has 900 barrels on board, if spurt con-
tinues she will probably finish to-mor-
row. Schr. Athlete, Capt. Hall, arriv-
ed to-day from Gloucester and will
take a cargo of bulk herring for the
Gorton Pew Co.—Western Star.
