Replenish Your Blood in Spring

Just now you are feeling "out of sorts"—not your usual self. Quite exhausted at times and cannot devote real energy to your work. Sleep does not rest you and you wake up feeling "all tired out." Perhaps rheumatism is flying through your muscles and joints, or may be your skin is disfigured by rashes, boils or pimples. Headaches, twinges of neuralgia, fits of nervousness, irritability of temper, and a disordered stomach often increase your discomfort in the spring.

The cause—winter has left its mark on you. These troubles are signs that your blood is poor and watery, that your nerves are exhausted. You must renew and enrich your blood at once and restore tone to your tired nerves, or there may be a complete breakdown. The most powerful remedy for these spring ailments in men, women and children is Dr. Williams' Pink Pills for Pale People, because these Pills cleanse bad blood and strengthen weak nerves.

New, rich, red blood—your greatest need in spring—is plentifully created by Dr. Williams' Pink Pills, and with this new, pure blood in your veins you quickly regain health and increase your strength. Then your skin becomes clear, your eyes bright, your nerves strong, and you feel better, eat better, sleep better, and are able to do your work.

Begin your spring tonic treatment to-day for the blood and nerves with Dr. Williams' Pink Pills—the Pills that strengthen.

These Pills are sold by most dealers, but do not be persuaded to take "something just the same." If you can't get the genuine Pills from your dealers they will be sent you by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

NO WOMAN SUFFRAGE FOR ONTARIO

Big Audience at Debate on Monday Evening Decides Time is Not Opportune to Introduce Woman Suffrage in Ontario.

Dr. Annie Backus and W. G. Charlton Have Very Lively Argument—The Judges Do Not Agree, and the Audience Called Upon to Give Their Opinion.

The debate on Monday evening, under the auspices of the Aylmer Literary Society, which was held in the auditorium of the Methodist Church, drew a large crowd, the spacious room being filled. Everybody enjoyed the lively contest, in which no mercy was shown by either speaker. The only suggestion that could be made was that in future a fixed time limit be set for each debater, for although the points were interesting and well made, the time spent was a little too long for the comfort of the audience.

Miss McKenna, president of the society, presided, and after a few well-chosen introductory remarks, called upon Mr. C. L. Parker for an organ solo, which was followed by a splendid baritone solo by Rev. W. A. Beecroft.

The subject was then introduced, "Resolved, that the time is now opportune for the introduction of woman suffrage in Ontario." The affirmative was defended by Dr. Annie Backus, who had her arguments well in hand, and was interspersed with many humorous anecdotes.

"The Woman Suffrage movement is not by any means anything new," said the Doctor, "for it was introduced in the Old Country first in 1839 by a Mrs. Norton, who brought a divorce suit against her husband, and the husband took the children according to English law. Mrs. Norton wrote a letter to the papers, and Parliament passed an Act allowing the mother to visit her children. This was woman's first effort to gain her rights. History of England shows that in 1867, when men wanted the franchise, they tore down fences, burned buildings, etc., and in the Birmingham riots 25 men were killed. Women are not the only ones to raise a riot to demand their rights." The Doctor thinks Canadian men are reasonable and can be shown why women should have the franchise. Gladstone said, "All who live in a country should take an interest in that country. But the women can take no interest in this country."

"We have a democratic Government," said the Doctor, "and what does a democratic government consist of? One claim is, it is the government of the people, for the people, by the people. But now half the people are not represented. Those that govern, govern only by the consent of those governed.

"Some may say woman cannot qualify as a voter, because she is inferior to man, but Henry Ward Beecher says, 'Women are superior to men, as women.' Women should vote because
