### FLICKERS DESTROY TELEPHONE POLES

Sound of Insects.

Owing to the ravages of the vellow-

disease and restoring the patient to telegraph were confined to the cleared summer the masters of ceremonics at the big summer resorts, who are nearly health after all other means have land away from the woods, there was no wish to be restored to full health.
Sold by all medicine dealers or sent post paid, at 50 cents a box or six' boxes for \$2 50, by addressing the Dr.
Williams' Medicine Company, Brock-

soft and easy to penetrate, and upon such other aged trees as had partly rotted,

set up along the sides of the roads to hold the wires for the sound of insects inside target for industrious birds, which not only dug holes for their nests in the soft trunks, but tunneled the wood in

every direction.

Men who have observed flickers at work on the telephone lines say the birds mistake the constant humming kept up by the wires for the sound of isects inside the wood, and that the poles are ruined out of misdirected zeal in pursuit of grubs which do not exist.

A flicker on alighting on the side of a pole will give a few taps with his bill pole will give a few taps with his bill against the dry wood and then cock his head on one side to listen for borers. Hearing the wires singing and humming in the breeze bowels, while at the same time acting as a tonic to the blood and nervous system.

As a regulator of the bowels they are all right.

JNO. H. JARVIS,

Hearing the wires singing and humming in the breeze, and feeling the pole tremble slightly from the pulsing sound, the flicker reasons that the whole stick is filled with toothsome grubs and at once begins to cut away the wood.

After working until he is tired, the bird seems to listen again, and, finding the sound is as loud as ever, and apparently deeper in the wood, he resumes his labor, penetrating deeper and deeper, until he has bored a hole clear through the stick. has bored a hole clear through the stick. In this manner the flickers have worked day after day, until there is not a whole pole left on any telephone line which runs through the woods. As a new pole is worth \$3, and as the cost of cartage and setting is \$2 or more, the expense of keeping a backwoods line in repair is more than the companies can stand, and double rates are charged to patrons who desire telephone communications from resorts that are far from of bored a hole clear through the stick

## MADE IN DANCING

Man's Carlessness.

speeches in Parliament, adroit, brisk, ality, says the London Mail. And of all cisively and unanimously against the not merciless or crushing, but dealing the roads that ribbon England none is way the modern young man holds a recent convention of the International throb of large affairs. He has the zest and alertness of a man of 40. In short, the Minister of Finance is in his prime.

Doubtless the secret of this perential copy in print, large slices of praise problems is the fact that Mr.

There was also The Other, who was policy of Nova Scotia in lasted its first purpose, until, in the full-hall reporter, court reporter, special secretary of Nova Scotia in lasted its first purpose, until, in the full-hall reporter, court reporter, special secretary of Nova Scotia in lasted its first purpose, until, in the full-hall reporter, city editor, telegraph editor, with the was 36 years of age, quite youthful as Premiers go in Canada. He was 36 years of age, quite youthful as Premiers go in Canada. His life, which had up to that time been all hard work and comparative obscurity, now became conspicuous, that the professors of terpsichore annually spend, movements, all went this obscurity, now became conspicuous, with town, and village with city, it has movements and alertness of a man of 40. In short, the was 36 years of age, quite youthful as Premiers go in Canada.
