ment-Who Will Take Her Place in Canada?

Emma Albani has long been the only Canadian shining light in the world of music. For years she has been a favorite of England and the colonies. At the very time when her reputation is on the wane, and it seems as though Canada's representation in music might die out, there arises a surprisingly large number of promising musicians in face of the fact that conditions are almost adverse to the devolopment of talent in that country.
