Instant Relief For Sore Feet

If your feet are tired, aching, or have that burning, "scalded" feeling, give them a Snowflake Ammonia bath, using a teaspoonful of ammonia to a basin of water. Snowflake Ammonia gives immediate relief, refreshes, invigorates. You'll be surprised how different your feet will feel.

Lawrason's SNOWFLAKE Powdered Ammonia
In the giant 5c. package

Take Snowflake Ammonia baths regularly. They are as invigorating as a "Turkish" bath. They make your skin soft and smooth.

A half teaspoonful of Snowflake Ammonia to two or three quarts of water makes an excellent hair wash. Cleanses the scalp better than soap. Imparts a clearer, more lustrous tone to the color of the hair.

Use Snowflake Powdered Ammonia for all household cleaning purposes. Its use will cut down your soap expense to one-tenth its former size.

Saves 90 per cent. soap

NO CESSATION OF FRENCH RIOTS

Wine Cellars Destroyed and Disorder Is Spreading.

TROOPS CHARGE MOBS

Manifestants Five Thousand Strong Are on the March Carrying Red Flags.

[Canadian Press.]
Paris, April 12.—The Queen champagne riots which began in this department yesterday, were continued this morning by the excited populace. Wine cellars are being destroyed, and the disorder is spreading, in spite of the presence of troops called out to preserve order.

The trouble in this department began yesterday on the receipt of news from Paris that the Senate had passed a resolution in favor of the suppression of all territorial delimitations of the area in which wine can legally be manufactured.

Seven thousand wine growers left this morning, marching on the Epaves four miles distant, to destroy the wine cellars there.

The manifestants were admirably organized, and were aroused to a pitch of fervor in the justice of their cause.

During the progress of the advance they sang revolutionary hymns and waved red standards. This led to disorders. They declare the Government acted as a result of the steps taken by the makers of inferior grades of wine.

The column had reached the town of Ay at noon. Co-operating with another band which had reached Ay from a different direction, the rioters proceeded to Varenneville, where they destroyed the huge wine presses.

Troops which had hurriedly been dispatched to Varenneville charged and dispersed the mob, but not until the manifestants had accomplished great damage.

Reciprocity will be taken up first. Farmers' Free List Next, Decide Democrats in Caucus.

ALL ARE FOR THE PACT
Woolen and Cotton Schedules to Follow Consideration of Agreement.

Washington, D. C., April 11.—Reciprocity with Canada and a farmers' free list, it was decided at the Democratic caucus, held here tonight, will be the legislation taken up, in the order named, by the present House of Representatives.

The wooden and cotton schedules, according to present indications, will follow.

In the caucus there was no opposition to Canadian reciprocity and no change or amendment to the bill as presented by Chairman Underwood of the House ways and means committee, were offered by any of those present at the caucus.

On the free list will be included those things which the farmer needs most, namely, agricultural implements, dressed meat and meat products, flour, rough lumber, boots, shoes, and saddles, wire fencing, baling wire, cotton tagging, cotton ties, bagging, etc., baling, and salt.

On many of these products the present tariff is practically prohibitive, and there are few importations of them on that account. It is impossible for this reason, to estimate what the difference will amount to by putting them on the free list.

SOUTHWOLD LIBERALS MEET IN ST. THOMAS

Will Be Addressed by Hon. Messrs. King and MacKay on Friday, April 21.

Hon. W. L. Mackenzie King, minister of labor, and Hon. A. G. MacKay, the leader of the Ontario Opposition, will address a mass meeting of Southwold Township Liberals in the Grand Opera House, St. Thomas, on Friday afternoon, April 21.

In the evening West Elgin Liberals will tender the distinguished visitors a banquet in the Engineers' Building, St. Thomas.

From present indications there will be a very large attendance. Both speakers are well known and widely known in the County of Elgin, and undoubtedly they will be given a great reception.

Reciprocity will be one of the issues discussed. Both Mr. King and Mr. MacKay have given particular attention to the subject, and the addresses will be of an illuminating character.

Mr. W. F. Glover, West Stanley, is president of the Southwold Township Liberal Club, and Mr. H. S. McDonald, Elgin, is secretary.

Metropolitan Life Insurance Co.

OF NEW YORK

JOHN R. HEGEMAN, President

INSURANCE SUPERINTENDENT'S REPORT

The New York Insurance Department has had the Company under examination, pursuant to law, for about fifteen months. After this examination the Superintendent of Insurance said:

THOROUGHNESS.—"It is thought that no Company of this character under the supervision of any Insurance Department in the United States has ever been so thoroughly examined by such a Department."

PAYMENT OF CLAIMS.—"The claims received averaged from 600 to 800 each working day; the percentage of rejections is small, being in 1909 less than one-half of one per cent."

CAREFUL INVESTMENTS.—"On an investment of \$100,000,000 in real estate mortgages this Company now holds through foreclosure but one piece of realty."

INDUSTRIAL POLICIES AT COST.—"On this basis this Company, from all of its departments, added to its surplus in 1909, after setting aside in that year as a liability its dividends and bonuses for 1910, about \$800,000; in other words, the volume of its business being considered, seems to have furnished insurance substantially at cost."

PROGRESSIVE MANAGEMENT.—"The Department Report shows during the last five years:

Reduction in the ratio of expense to premium income... 7.13%
Reduction in the ratio of lapse to issue... 10.36%
Reduction of cancellations in first year of insurance... 8.92%

ORDINARY DEPARTMENT

In 1910 the Company wrote a larger amount of Ordinary business in the United States and Canada than any other company, by TWENTY MILLIONS!

In 1910 the Company placed Ordinary Insurance up to the Limit of the Law and was obliged to hold back hundreds of thousands of dollars of insurance by reason of the New York statute limiting amount in any one year.

MORAL: Get in early this year and avoid the rush at the end. Best plans; cheapest rates; all policies non-participating—that is, the money is not collected on promise of repayment in dividends, but is left in the pockets of the insured by reduction of premium.

INDUSTRIAL DEPARTMENT

OLD POLICIES.—A bonus has been declared to Industrial policy-holders amounting to nearly SIX MILLIONS OF DOLLARS

payable in 1911 on Whole Life and Increasing Life and Endowment policies issued prior to 1907, which bonuses give reduction of premiums varying, according to period of persistence, from

EIGHT TO ONE HUNDRED PER CENT.

The Company added not one dollar to surplus at the end of 1910 out of income from Industrial policies.

NEW POLICIES.—The benefits on policies issued since January 1, 1907, are over

TWENTY PER CENT. GREATER than the benefits promised by policies issued previously.

In the last eighteen years it has declared

TWENTY-FIVE MILLIONS OF DOLLARS in voluntary bonuses over and above all requirements of policies.

WELFARE WORK FOR POLICY-HOLDERS

Extracts from the Report of the Superintendent of Insurance of the State of New York.

"No summary of this examination of the Metropolitan Life Insurance Company would be complete which omitted reference to certain agencies for social service which it has inaugurated and is now conducting."

"CAMPAIGN AGAINST TUBERCULOSIS.—Among the activities of this Company begun since the Armstrong investigation is its participation in the nation-wide crusade against tuberculosis. As to policy-holders, its work has thus far been confined to the dissemination of the literature of prevention and instruction; a work which its great Agency force and close contact with the industrial classes makes easy, as well as effective. As a matter of mere business economics, the Company's activities in this direction entitle it to the approval of the Department."

LARGEST COMPANY IN THE WORLD

The largest amount of insurance in force of any Company in the world—\$2,215,851,388, covering 11,288,054 policies. In 1910 the Company made the largest gain in insurance in force of any Company in the world.

BIG ICE HOUSE AT SARNIA A PREY TO THE FLAMES

[Special to The Advertiser.]
Sarnia, April 11.—Fire completely destroyed Brown's large ice-house, located between Sarnia and Point Edward, just north of the Cleveland-Sarnia Sawmill Company, about four o'clock this afternoon. A season's supply of ice was stored in the building. The flames had gained great head at the time. The total loss will be about \$2,000. The building is covered by insurance. Owing to the fire being out of the limits, the fire department were unable to stretch a length of hose until the fire had nearly burned itself out. The blaze was due to a grass fire set by some boys beside the building. The flames had gained great head at the time. The total loss will be about \$2,000. The building is covered by insurance. Five Perish in an Albertan Tragedy

Lethbridge, Alta., April 11.—A mes- baby died before the doctor arrived, and there is practically no hope for living near the Brooks family, at East Conits, saying that five children were burned to death Saturday night. The fire injured.

Seven Years For Collingwood Girl

Barrie, April 12.—Pearl Smith, of Collingwood, charged with the death of her infant child, pleaded guilty to manslaughter and was sentenced to seven years in the penitentiary by Justice Trefzel yesterday afternoon. Through her counsel, Col. Bruce, the young woman pleaded not guilty to the charge of murder. The crown presented evidence which was practically the same as was adduced at the inquest.

He was surprised at how the New Mervon Tarsus cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Mervon Tarsus for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.
