

## THE CROP REPORT IS SATISFACTORY

Although Winter Wheat in This Province Shows Decrease.

### NUMBER OF LIVE STOCK

An Excellent Uniformity Shown Throughout All the Provinces.

Ottawa, July 14.—A bulletin on the crops and live stock of Canada was issued today. The condition of the field crops of Canada for the month ending June 30 as compiled in the census and statistics office from the reports of a large staff of correspondents is, on the whole, quite satisfactory, although on account of the uneven rainfall it is not uniform for all the provinces. Even in parts of the same province, as in Ontario, there is a considerable inequality. For the most part, in the province excellent reports are made, but there are districts in which the grain and hay have been badly affected for want of rains in May and June. For the whole of Canada the condition of winter wheat is only 2.6 per cent, as compared with 100 for a full crop. This is 10 per cent less than last year, 2 per cent less than 1909, and nearly 15 per cent less than three years ago. In Ontario it is only 72 per cent of a full crop, as compared with 94.25 last year, 78.5 in 1909 and 88 in 1908. In Alberta the only other province in which winter wheat is largely grown, the condition this year is 82.25 per cent, compared with 63.62 in 1910, 65.65 in 1909, and 95 in 1908. Spring wheat in all the provinces this year is given the high average condition of 34.78 at the end of June, which is better than in 1910 by 12.65 per cent, better than in 1909 by 8 per cent, and better than in 1908 by nearly 15 per cent. Ontario and British Columbia are the only provinces in which the conditions are under 30, and in Saskatchewan and Manitoba it is close to 100.

The average for barley is 85, which is six to ten per cent better than in the preceding three years. It reaches close to 95 in the Northwest provinces, Prince Edward Island and New Brunswick, and over 90 in Nova Scotia and Quebec, a point below 90 in Ontario, and only 84 in British Columbia. Oats show an average of 54.16 for all provinces, which is higher than any year since 1906, and is 95 or higher in Prince Edward Island, New Brunswick, Quebec and the Northwest provinces. In Ontario it is close to 50 and over 90 in British Columbia.

Rye, peas and mixed grains are given a condition of about 50 for the Dominion and are higher than in any year beginning with 1908. Hay and clover and alfalfa are both below last year's condition, and pasture is a point higher. In the three Northwest provinces the condition of pasture is over 100.

The feature of late crops is the increase of area in flax, which is nearly 300,000 acres more than last year. The largest increase of flax is in Saskatchewan, where this crop in recent years has grown in great favor. The number of live stock do not show much change from last year, but their condition at the end of June is very satisfactory. All classes are within less than two points of 100, and an excellent uniformity is shown throughout all the provinces.

## MADERISTAS BATTLE WITH THE FEDERALS

Many Killed and Wounded in Conflict at Puebla.

Mexico City, July 13.—Latest reports from Puebla say that in a fight last night Maderistas lost 150 killed and 50 seriously wounded, while the Federalists suffered a loss of 12 killed and 20 wounded. The fighting ceased at seven o'clock this morning, but more trouble is feared, as the Maderistas claim that 4,000 Maderista soldiers from the states of Morelos and Guerrero have been summoned to their assistance and that they will renew the battle.

Madero arrived at Puebla at 10 o'clock this morning. It is believed that his presence will have a calming influence, but the situation continues critical. In spite of the battle Puebla is greatly decorated in honor of Madero, and most of the population left off making an inspection of the battle field in order to join in the welcome to Madero. Dispatches from Guadalupe say that trouble is anticipated there on account of the difference of several divisions of the Maderista party. A meeting was held last night to choose a provisional governor. It broke up in a row, and during the fighting in the streets afterward several persons were injured.

### ODD DISAPPEARANCE

Traveller on Train, Guelph to Toronto, Mysteriously Vanishes.

Guelph, Ont., July 13.—A peculiar incident that has attracted considerable attention, it happened last night on the C. P. R. express which left Toronto at 4:30. On the train was a man, accompanied by his wife and her companion. When a short distance from Toronto the man left his seat and started for the other end of the car, with the

## Blisters and Sunburn? Try Zam-Buk

Blisters from sunbathing, ball-playing, or any other cause, painful sunburn patches, stings of insects, and chafed places, are all eased instantly by Zam-Buk. Don't have your vacation spoiled by pain from any sore, which Zam-Buk could cure in quick time.

This wonderful balm is made from herbal juices and is highly antiseptic. Poison from insect stings, barbed wire scratches, or thorn pricks, is immediately rendered harmless as soon as Zam-Buk touches it. Stops the stinging, smarting pain. Zam-Buk is so pure, too, that the most delicate skin is able to absorb it, and is benefited by it. Mothers with young babies should use it for chafing sores, etc. All druggists and mail order shops sell 50c box. Use also Zam-Buk ointment 25c tablet.

# MONARCH KNIT

YOU state your class and style very definitely by wearing "Monarch Knit"—ultra in everything excepting price.

For sweaters and shapely coats—coats with style, fit and shape woven permanently into the fabric—you cannot buy better than "Monarch Knit." Your merchant is a friend of yours. Ask him to tell you exactly what he knows about "Monarch Knit" goods.

More than likely he'll say:

"My margin of profit isn't large on 'Monarch Knit,' but I prefer to handle this line of goods because they'll satisfy you in every respect." Here are the underlying reasons—Every ounce of wool, knit into our garments, is imported from Australia—That's where the best wool comes from. Our

buyers see that it's selected before being shipped. On reaching our warehouses it's inspected, selected again, then combed, disinfected and preshrunk before entering our weaving rooms. There it is knit into the style, fit and shape that stays—in the brightest and most sanitary mills on this continent. Can you wonder that "Monarch Knit" is supreme on the tennis court and the favorite woollen wear of motorists on land and water? Ask your dealer about "Monarch Knit." He knows.

The Monarch Knitting Co. Ltd., Danville, Ont.  
Factories also at St. Thomas, Ont.; St. Catharines, Ont., and Buffalo, N.Y.

## TECUMSEHS V ANOTHER

Defeat Guelph For Time In Two-Game

## BERLIN IS HER

Butcher's Will Battle Again Tomorrow Worth While

Although London played in the second inning, the final game of the Guelph, the Tecumseh, lost the temptation to crew a proper farewell to the home pennant champion. Muir went the route but not because he was to fight against the losing twirling staff of the home team. The final was made 8 to 2. Muir went the route but not because he was to fight against the losing twirling staff of the home team. The final was made 8 to 2. Muir went the route but not because he was to fight against the losing twirling staff of the home team. The final was made 8 to 2.

Four hits were slung in the second period and these, an error or so, resulted in Keenan's Kids crossing the home plate. The first of the home team's runs came through Muir's error. Muir went the route but not because he was to fight against the losing twirling staff of the home team. The final was made 8 to 2.
