AMUSEMENTS

"Uncle Tom's Cabin."

The Grand tour of tomorrow offers its patrons Kibbles & Martin's spectacular revival of "Uncle Tom's Cabin." This attraction is classed as the biggest scenic production of this well-known story. The American states have ever seen, it being necessary to utilize two special 70-foot cars to transport the 50 people, scenery and equipment. No such amount of money as Kibbles & Martin have spent on this production has ever been expended on this neglected and much-abused, but still most successful of American dramas.

"Passers-By."

A gilded youth of London's upper strata of society and the strange philosophy of a tramp are two of the many interesting characters in "Passers-By," the C. Haddon Chambers' comedy drama, which returns to the Grand on Tuesday evening. The play is in four acts, and is replete with human and humorous situations from the rise to the fall of the curtain. No work from the pen of Mr. Chambers has been presented so effectively to the theatre-going public as his "Tyranny of Tears." A specially selected English company from London will present the piece here. Seats on sale tomorrow at 9 a.m.

"Hamlet, Prince of Denmark."

Montague Flowers is a great attraction in the Lyceum world. His "Hamlet" is a new and extremely apt message. He has made this great masterpiece perfectly clear, interesting and attractive for the masses, and provided an evening's entertainment of intellectual and spiritual joy. He will be heard in the Auditorium on Saturday evening, the closing number of the Affiliated Society Course.

LADY THOMPSON DEAD

Widow of Late Prime Minister Dies After Operation.

Toronto, April 11. — Following a serious operation, Lady Annie E. Thompson, widow of the late Right Hon. Sir John Thompson, prime minister of Canada, died yesterday afternoon about 5 o'clock at the General Hospital. Lady Thompson had been ill for a very short time and was taken to the hospital only a day or two before her death.

Lady Thompson was the daughter of the late John and Catherine Affleck, of Halifax, N. S., and was born and educated there. In 1870 she was married to the late Sir John Thompson, who died in 1894. On her husband's death a fund, to which the Canadian Parliament contributed \$25,000, was set up for her benefit. She was presented to the late Queen Victoria and also to the late King Edward and Queen Alexandra.

She was very well known throughout Canada and was closely identified with several women's organizations, having been president at large of the National Council of Women for Canada. She assisted in the founding of this body. During recent years she had lived a rather retired life at her home, 18½ St. Joseph street.

A son and a daughter survive. The funeral will take place on Saturday.

DIED IN THE WEST

Miss Edith Hamilton Left Forest a Year and a Half Ago.

[Special to The Advertiser.]

Miss Hamilton died near Summerland, B. C., where she had gone for her health, and the remains will be brought to Winnipeg for interment. Mrs. McCosh, of Bonanquet, an aunt of deceased, left yesterday for Winnipeg. Miss Hamilton was 20 years old.

MONEY TO BURN BUT NO MATCHES

Some Consider It an Envious Position to Have Wealth, Others Satisfied With Small Income.

One man said he had money to burn, but he didn't like the smell of smoke, and another one believed if he had money to burn he would be so unfortunate as not to have any matches.

Some want wealth for position; they want the honors that money can buy, not realizing that such in reality are but empty honors. The really happy individual is the one that does not care for wealth, but is able to get the fullest enjoyment of life without the so-called "money to burn."

Here is a quotation you have probably heard:

"Wealth gotten by vanity shall be diminished."

This is a Bible quotation and should be familiar to all. If you haven't got a Bible, The London Advertiser can supply you with one. The London Advertiser's Bible is a "different" way, all the pictures except the beautiful color plates being printed in with the type. So even if you have others, you will want this one, for these illustrations make plain the verses which they accompany.

Speaking of wealth, one need not be a millionaire to come into possession of one of these Bibles, for they are within the reach of all. Only six certificates are required, which, together with a small stated amount to cover the necessary items of expense, will give you your choice of the several bindings either in the Catholic or Protestant editions. See the certificate on another page of this issue.

This great offer will not be presented much longer. Those wishing the advantage of it should attend to the matter at once.

WANTS TO MAKE STUDY OF ANTI-TREATING

Mr. Hanna Explains Position of the Whitney Government on Matter.

[Special to The Advertiser.]

Toronto, April 10.—The position of the Whitney Government on anti-treating was announced to the Legislature yesterday in a statement by the Provincial Secretary. When the orders of the day were called Mr. Rowell inquired if any further amendments to the liquor license act were proposed other than those included in yesterday's bill.

"Of course my hon. friends refers to anti-treating," replied Mr. Hanna, smiling. "In the House last year it was declared that if the treating habit was overcome one of the greatest evils of the liquor traffic would be done away with. Since last session we have taken considerable pains to put ourselves in touch—and we did it before last session—with the places that had adopted or were considering or seeking to put in operation anti-treating laws."

"Having regard to that," continued the Provincial Secretary, "the decision we have come to is that it is a matter of sufficient importance, of sufficient moment, that there is sufficient involved for this province to move slowly—if you see fit so to call it—to be sure that we have when we adopt it, a law that will be capable of being enforced. That was the difficulty that was met with in some of the places that adopted it. The law itself is good but in the very nature of things one difficult of enforcement. In Iowa they report very favorably upon the results of the enactment of that law a year or so ago."

"I hope, and I shall be a disappointed man if my hope is not realized that under my guidance some legislation may be passed to do away with the treating habit," said Sir James Whitney.
