Satan Reproving Sin.

This community has just been called  
upon to witness one of the most notable  
instances of 'Satan reproving Sinners'  
which has ever fallen within the scope  
of our observation,—DeCosmos lecturing  
Dr Helmcken (we beg the Doctor's par-  
don) for political inconsistency !!! The  
Doctor is charged with having been  
opposed to Confederation in 1868. Well,  
suppose he was; what of it? Was  
he wicked above all the sinners who  
were opposed to Confederation in 1868?  
He is charged with having become  
convert in 1870, and having gone  
Ottawa to negotiate terms. Is it any-  
thing to the Doctor's discredit that  
was brought to see the error of his way  
and that he had the moral courage to  
relinquish the wrong and espouse the  
right? It is next charged that the  
Doctor endorsed the Terms which he  
helped to negotiate, in his election ad-  
dress issued last week. Why should  
he endorse the Terms? He agreed  
them at Ottawa, and they have been  
admitted on all hands to be highly fa-  
vorable to Northern Columbia. But

fault of the Doctor's address, consists in the fact that he can hardly be said to have 'endorsed the Terms.' It appears to us that he has, in his to obscure and neutral enunciations, laid himself open to a very different charge, especially when he says 'There may, however, be even yet an accommodation that before the Terms of the Union are disposed of, certain amendments of the Tariff will be allowed.' One of the Delegates who negotiated the Terms and agreed to them at Ottawa, it appears to us that he was scarcely in the position to 'play fast and loose with them here. The final charge, that, having endorsed the Terms in his address and having, at a public meeting, declared his determination to stand them, he has published 'a letter, which he is prepared to alter the Terms. Now, we fail to discover any necessarily inconsistent in the position taken by the Doctor in his published address, at the public meeting, and in his letter. The Terms have been negotiated and agreed to by the Dominion Government, and, while he would doubtably be prepared to stand by them as against any and every attempt to reject Confederation unless first condition be first conceded by Canada, it is not, as it appears to us, follow that there is anything really inconsistent in asking the Dominion Government to stand while to agree to the insertion of a fresh condition. By adopting this condition the Terms would not be opened in sense which would release the Canadian Government; and there would be no material advantage that Confederation need neither be imperilled nor delayed. If the Canadian Government agree

**PUGET SOUND ITEMS.**—We glean the following condensed summary from the *Seattle Intelligence* of yesterday:—The unreasonable hours at which the mail and passenger steamer were plying on the Sound arrive and depart is matter of complaint.....Capt White has sold out his interest in the Olympia and Monticello stage line and mail contract to Mr Lookwood, of Utah.....The members of the Peirce County so-called Vigilance Committee, who were indicted for killing Daniel and Gibson, have been acquitted.....Considerable quantities of coal are being brought into the market from the Lake Washington Coal Mines.....Miss K. Simmons, a niece of Mrs Dr. Maynard Seattle, who resides on the Cowlyard with her mother, a short time since observed a very large black bear in the immediate vicinity of the house, and there being men about the premises, she got her brother gun down, saw that it was loaded, and boldly went out after the animal. Finding him in a short time, she advanced in proximity aimed her deadly weapon and fired—killing him dead in his tracks.....It is asserted that Maxwell's survey definitely settles the practicability of the Snoqua Pass, the railway grade being between two and two hundred feet lower than was supposed....The Oregon Legislature, having been in session the full period during which the *per diem* allowance is; made to members (40 days) will, it is sarcastically asserted adjourn immediately!

**NOVA SCOTIA.**—Contrary to the opinion which prevailed in that Province, it appears that General Doyle is about to resume the position of Lieutenant Governor of Nova Scotia. It is thought that this circumstance is due to a desire on the part of Her Majesty's Government that the fortifications and armament at Halifax should be under the control of an Imperial officer of rank and experience, and also a wish on the part of the Dominion Government that for the present, at least, the chief Military officer of Nova Scotia should also occupy the position of Lieutenant Governor. It is stated that the views of General Doyle will afford satisfaction throughout that Province.

**THE BURRA SILVER LEAD NEAR HOPE**  
The discovery of a rich silver lead mountain eight miles below Hope has before noted. The lead is traced up precipitous side of the mountain to the summit, where it has a width of five ft., is held by Messrs Schooley and Davis, having been located by them under Mineral Lands Ordinance, 1869. Specimens assayed at the Government Offices from 217 oz to 813 oz to the ton of rock worked in the Spring. The lead was

**GONE TO SMASH.**—Wilson's great O. Circus has 'clean gone to smash' at Seaside, Oregon. The company 'folded' like the Arab, and silently 'steal away on board a barge; but the same dawn upon them at 11½ o'clock might like a cat on strange kine, and thing is now in that functionary's hands including the den of lions.

**POLICE COURT.**—Terry Finnegan, 17, was today on a charge of stealing a key, yesterday discharged, and Moses Gorrie, 17, boy culprit convicted of stealing a watch and bracelet, was remanded one day for tance.

**FROM NANAIKO.**—The schooners Diamond and Discovery arrived from Nainai yesterday with cargoes of coal and bark. Shooting Star, for San Francisco, left on Thursday morning.

The annual meeting of the members of the above Institute was held in the Lecture Room last night, Lunley Franklin, Esq, President in the Chair. T H Long, Esq, Hon Secretary, having read the minutes of previous meeting, they were confirmed. The Secretary then read the Annual Report of the Committee of Management together with the Report of the Auditor. It appears from the Report of the Committee that there are 186 subscribers against 241 in 1869. The receipts from all sources have been \$2,221, against \$3,071 in 1869, and the expenditure \$2,777, against \$2,823 in 1869. The liabilities of the Institute are \$700. The assets are \$266, due for subscriptions, showing a deficit of \$434. To the Library 261 volumes have been added at a cost of \$231 and about \$100 expended for furniture. The Committee recommended the printing of a Library catalogue. The attempt to establish a Debating Class was not successful, and the Committee suggest the incorporation of the Institute, to facilitate the recovery of dues from delinquent subscribers. In conclusion the Committee appeal to the public of Victoria to sustain, by subscriptions and donations of books, the Institute. The Auditor, Mr Bates, certified to the correctness of the Treasurer's accounts.

adopted. Mr. Redfern gave notice that he would, at the next annual meeting, move to reduce the Committee of Management from 12 to 6 members.

In proceeding to the election of officers, the President (Mr. Franklin) stated that while he would still continue to take a deep interest in the Institute, he must distinctly decline to be put in nomination for re-election.

W. J. Macdonald, Esq. then nominated James Fell, Esq. as President. Seconded by Mr. Redfern and carried unanimously.

The President elect was invited by his predecessor to take the Chair, which he did, acknowledging in a few apt remarks the honor done him and expressing at the same time the utmost confidence in the prosperity of the Institute.

Alexander McLean, Esq. was unanimously elected Vice-President.

E. Johnson, Esq. was unanimously elected Secretary.

Thos. Allsop, Esq. was unanimously re-elected Treasurer.

The following gentlemen were elected members of committee: Messrs. Turner, Roscoe, Good, Redfern, Felix, Alston, Franklin Long, J. P. Davies.

Mr. Davies moved a vote of thanks to the retiring President and officers, referring in terms of praise to their past services. The motion was seconded by Dr. Ash and carried unanimously, after which the officers and members adjourned to the adjoining room where refreshments had been prepared, and where they indulged in a "feast of reason and flow of soul" till a late hour.

THE *St. Isabel*, Capt. Morrison, returned from Port Townsend last night to receive a quantity of freight from the *C. L. Taylor*. She will return to Port Townsend on Tuesday morning to meet the *Alida* from Olympia. The passengers, freight and mails left here on the *Isabel* yesterday morning were transferred to the *Alida* at Port Townsend.

FROM THE BREAK.—Mr. Lamb telegraphed from James Island last evening that the weather was too rough yesterday to repair the cable break. He received and forwarded a few private messages from Sydney Island and any messages left at the office this morning previous to 10 o'clock will be forwarded to Mr. Lamb, and by him sent south.

**U H & L Co's Election.**—At a meeting of the Union Hook & Ladder Company, held last evening C E Bunting was elected foreman; John Vaughan, 1st assistant; W H Hable, 2d assistant; G W Cohen, secretary; J Nicholls, assistant do; and Oliver Jackson, steward. A vote of thanks was unanimously tendered Mr Edward Dickinson for his efficient services as foreman during the past year.

**THE SOUND TERMINUS.**—Every alternate section of public land on the eastern shore of Puget Sound from a point above Olympia to the first township west of Seattle, is reserved for the use of the U S Government. The eastern shore residents are therefore, in a justifiable state of mind, viewing the reserve as a permanent indication that the terminus of the N P R.R. hereafter will be on that side.

**BURGLARY.**—On Sunday morning last a house of Mr James Murray, corner of Ildora and Cook street, was entered by burglars and robbed of a quantity of wearing apparel and other articles. Mr Murray is a prisoner, and the villain who would rob a prisoner deserves to be executed.

**THE MAYORALTY.**—Mr Lumley Francis we understand, has been requested by a large number of his fellow-citizens to stand for the position of Mayor. Mr Francis served as Mayor through one term, gave universal satisfaction, and should, we are greatly disposed to believe, receive a very favorable return is certain.

**THEFT.**—During Monday night some entered the house next door to Messrs Graptographic Gallery and stole there two pairs of long, English-made boots. may serve as a caution, should the thief the booty for sale.

**CITY COUNCIL.**—The Council failed to have a quorum last evening. They were obliged to meet, however, previous to the day next, as on that day their term of office will expire.

**STEAMER DEPARTURES.**—The Sir J Douglas for Nanaimo, the Enterprise for Westminster, and the Isabel and Eliza A son for Puget Sound sailed yesterday morning.

**THE FUNERAL** of the late N. M. Hicks, as will be seen by a notice under the proper head, will take place to-morrow, leaving his late residence at 12:30 and leaving St. Andrew's Church at 2 o'clock p. m.

**POTATO FAMINE.**—Our exchanges state that in the New England States potatoes have not been half a crop this year, and that good eating varieties are worth a dollar a bushel, with a prospect of being still higher towards spring.

**PAY YOUR CITY RATES.**—The vote of non delinquent in city rates will be received by the returning officers at the approaching Municipal election.

**DIRECT STEAMER.**—A dispatch to a Sound paper states that the Pelican will sail for Victoria direct on the 5th inst.

THE U S steamer Lincoln in passing out yesterday grounded on Shoal Point and lay there for half an hour.

THE BARK ADA is now due from London.

**EDITOR BRITISH COLONIST:**—Consistency being such a rare jewel, I would humbly suggest to Mr DeCosmos the propriety of looking back over the sayings and doings of a few years to see whether he possesses such a gem before accusing Dr Helmcken of want of it in political matters.

The views and ideas of politicians are like those of other people, ever changing as fresh circumstances arise, and more particularly so in connection with local interests. I myself am a recent convert to Confederation.

Mr DeCosmos, in the Council at New Westminster in 1867, moved a resolution to the effect, "That the Governor take immediate steps for the admission of this colony into the Dominion." He was requested to leave out the word "immediate," but he refused to do so. Now you will see that at that time he was not only willing but most anxious to hand the colony over to Canada without a single condition, having evidently implicit confidence that the Dominion Government would deal justly by us.

10/10/1873 (three delegates) we to negotiate terms on which this country would become part of the Dominion. The success beyond the most sanguine expectations in obtaining a pledge of terms highly satisfactory to all, and in the face of Mr. DeMeos finds fault first with one thing and then with another, and ridicules the idea of a railway entirely. And now we do we see? Mr. DeMeos not only believes in a Transcontinental Railway, but claims to have the terminus at his door. I find him also doubting the good faith of the Canadian Ministry, the very persons whom he wished to entrust the entire destiny of the colony three years ago. Consistent indeed! It may be very easy to write about but rather difficult to practice.

ed here I disapprove of this unnecessary  
ation about the railway terminus, although  
I and many others would like to see  
place the centre of business and prosper  
above measure. Yet we must not act  
"dog in the manger," or press our private  
terests to the detriment of a great, nat-  
question like this, or in any way mar-  
sPEEDY UNION OF THIS COLONY WITH CAN-  
such being the only bright spot within  
reach to which all look to dispel our pre-  
gloom.

Many people in this colony have the  
that we must be on our guard lest Can-  
should get the best of us in the Confed-  
eration bargain. No doubt all such fears  
wrong. While it is necessary that we  
join the Dominion on a fair and equi-  
basis, yet we need never expect to pro-  
nitely the people east and west of the R-  
tainers realize that they are one, and  
what is the interest of the one side is  
terest of the other, and that sharp pra-  
on either side would be like taking ad-  
vantage of one's brother.

likely, that Mr. Trutch and Dr. Helm forgot or overlooked the interests of our Island when at Ottawa? Most certainly they did not. In connection with terms on the Pacific they had Esquimaux in all, but it would never have done for them to have said so before matter was settled by disinterested commissioners. These gentlemen's ideas on points are the same as ours; but in carrying such important business as the Territorial Confederation for the whole colony could not allow themselves to be influenced by local questions which were simply a matter of detail and which must follow as a natural consequence.

the terms as they are, and I would recommend every elector to do the same, if they think that the Dominion Government will be justly towards us as manifested by the generous spirit in which our delegates were received. Mr DeCosmos is never satisfied; everything is shadowed, and often unnecessarily, and figures in a shadow. Let no one be influenced by this in the present issue. Let the members to the Council board unfettered on the main question, free to do what is best for the country, and depend upon it that the Vancouver Island will not be neglected, and that the terms on Vancouver Island means mail. Barclay Sound may be mentioned, but only when it suits them for argument. Railways are not frequently past commerce and population to complete.

W. J. MACDONALD.

QUEEN, B. C., Oct. 10.—Since the 9th inst four boats, besides H B Co's, have started up river and canoe. The first boat was freighted by J B Lovell, late of Mosquito, and started before the arrival of Mr. Moore. The H B Co, who brought news to Ogden and his son were both dead, at that time were good on Germanias. Mr Elmore of the firm of Elmore & Man, having taken in 40 lbs of duck, Sylvester's departure. On the 18th Messrs Dunlevy, Menefee and O'K started two freight boats and Messrs Smith & Hawks one boat, for the

creek. Capt G B Wright took the whole party and Messrs Dunlop and Dewdney with three horses as far as the canyon, thus saving them at least one and a half days' travel. The two gentlemen last named ride up and intend to return at once.

I hear it is not Capt Wright's intention to make more than three regular trips after the present, but should freight over he may make a few extra trips. ~~He does not~~ no.

A man arrived here per canoe last night who has made his way alone from Fort Warr, Red River, which place he left on the 10th of May last. Having no compass, he lost his way two times and had to turn back. He had a narrow escape from the Blackfoot and from starvation. He meant to strike the Columbia, but stumbled on our old Fraser. Was capized twice from raft constructed by himself, and in fact had so many 'hairbreadth' escapes by flood and field for me to note down in this letter, but doubtless some of your enterprising reporters will interview him on his arrival and publish his strange, eventful history. He leaves here to-morrow, somewhat recruited by a few 'squares' at Messrs Brown & Gillie's.

OFFICE OF IMMIGRATION BOARD,  
Victoria, British Columbia,  
12th August, 1870.

GENTLEMEN—I have the honor to acknowledge the receipt of your Requestion, so numerously signed, and the short time it took to be circulated.

This flattering testimonial of your esteem should have been overlooked; therefore I gratefully accept the same in behalf of your candidate for the Representation of the local-District in the Legislative Council.

Having no vested interests in the District, I will say I must my own. This fact, I trust, will be prominently pledged that I shall earnestly and faithfully endeavor to do all in my power to promote the interests of any and all measures affecting the country generally or our own District.

I have the honor to be, Gentlemen,  
Your obedient servant.
