

April 3.—(Special)—The municipal election in Tacoma has not been held for some time. The city fathers have been depressed and many otherwise busy men have been idly. Their thoughts have been elsewhere. In better times they would not have interfered with the municipal government but as they are they do.

The new party, composed of moneyed men to inaugurate off, with lineaments and politics to accompany business men have not understanding of the situation in politics and they elect for mayor, city clerk, city physician and councilmen. The total membership of the party is 200.

Strong representation to-day from British subject of the Behring Sea bill. Mr. Davis sent a press-hunters, urging the protection of Canadian seal and fishery rights. Mr. C. H. Tupper with Mr. Campbell, Cape Becon, had had any information introduced at Washington the Behring Sea bill.

April 3.—The Horn silver concentrator works and orehouses, located in Frisco, Utah, were destroyed by fire this morning. The burning timbers fell into the mine and the fire was communicated to the timber and shafting, so that every level was soon a roaring furnace. The mine is feared to be badly damaged.
