

THE O. J. C.'S "OFF DAY."

A GREAT BILL OF FARE AT WOODBINE ON SATURDAY.

Looking forward to Fine Weather and a Rare Bush of Turf Events—General Sporting Arrows.

The bill-of-fare announced for Saturday afternoon next is rather more than was expected for an off day, and if the weather is propitious it is likely that a large attendance will find their way down the Kingston road.

At all events just that arch-enemy of race-goers—is likely to be conspicuous by its absence. The first item set for discussion is a dash of three-quarters of a mile, and the penalties and allowances promise to make this an interesting race, in spite of the presence of the dreaded Disturbance.

This extraordinary provisor, bred, it will be remembered, hurt himself on the eve of the May meeting this year, and was an absentee in consequence.

Since then he has come round and has been campaigning with more or less success in the States. Another noted province-bred in the race is Minnie Meteor, whose trainer has often proudly declared that she is faster than Disturbance ever was, when the terror station was in his hands.

Lloyd Daly and Zimora, two merita 3-year-olds, of good repute, Oakdale, an older son of the great Tom Ochiltree, and Inspector, a province-bred from Mr. Hendrie's stable, claiming the full allowance of a non-winner, are the best of the remainder.

No province-bred allowance is spoken of in the conditions of the race, and it is understood that the experiment is to be tried of abandoning this indulgence to home-bred horses. In fact, so long as Disturbance could claim it, no field could be got to enter against him.

For the Dominion and other handicaps, the entries are quite fastening, regard being had to the lateness of the season. Disturbance is allotted the top weight, 130 lbs.—a steedier—for the former race, being asked to give 16 lbs. to Masqua, who has shown a liking for the course, but the brother of Chancellor is said to have become mellow. Williams, the Queen's plate of the year, has 115 lbs., up, and if in the humor ought to be well up at the finish, and Easter cannot complain of 120 lbs. which will depend on the result of the first race, and it is likely that when the official card is published it will follow the 31 dash, and so give breathing time to some of the runners anxious to complete in both races.

George L. carries top weight in the open handicaps, but the ton will again find many followers, the little son of Bonnie Scotland being a prime favorite with the crowd. Lloyd Daly is also in it, and he should bring him to the wire first, if Mr. Smith's horse has recovered his 2-year-old form.

The steeplechase over the full course, three miles, will probably furnish the most exciting contest ever witnessed at Woodbine. Scowler, who has done well over hurdles, is awarded the top weight of 165 lbs., and is big enough and fast enough to carry it if a rider be found to handle him in the course. Oakdale, successful here in May last, has more to put up on the present occasion, but is bound to be handy at the finish, and it is on the lightness of the old rule affecting horses which have been in a training stable having been found profiting of discipline, and the weights for this race are not yet announced.

The wind up of the season, it will thus be seen, is likely to be productive of some rare good sport, and the Jockey club has made many alterations at the course, which will tend to the comfort of visitors.

Sullivan Swears Off. Provost Marshal, Oct. 8.—John L. Sullivan said to-day that he intends to train down to 200 pounds or less for his next fight with Ladin. He is willing to wager \$2500 to \$1000 that he will have the best of Ladin from the start and is confident of easily disposing of him, after the fashion of the fight he desires matches with Alf Greenfield, the English athlete, and with Michael, if the latter is inclined. He declares solemnly that he has stopped drinking and is determined to take care of himself. After completing his engagements in this country he will go to England, Ireland, Scotland and Australia.
