R. K. SPROULE,

20 Wellington-Street East.

John J. Dixon & Co. received the following despatch over their private wire from Counselman & Day of Chicago: The tendency in wheat has been down and in sympathy with the easier tone in foreign markets and the fine weather and less disposition to buy on part of outsiders. First London cable quoted a heavy advance in California for prompt shipment and two months, but this had little effect and the market soon slipped away with only insignificant rallies. Clearances were fair. Bradstreet's report showed liberal decrease in stocks east of Rockies. Latest foreign advices were weak and offerings were too liberal for the bulls to withstand. We think market has been overstrained and foreign bulls have unloaded on the lambs on this side so freely that they have accumulated too heavy holdings, and liquidation must drive out the weak longs before we shall have a very healthy feeling. Corn was easier and closed soft. The weak feature was the continued decline in shipping demand. Fine weather also tended to decrease speculative buying. With continued fine weather we think bulling will be a difficult operation. Provisions ruled weaker, though extent of decline was not very large. The increased hog-run and decided break in prices of raw material drove out considerable long stuff which apparently was taken chiefly by local shorts.

RICE, LEWIS & SON,

TORONTO.

Drummond & Brown received the following today over their private wire from La Montagne, Clarke & Co. of New York: After a rather weak opening market rallied above closing prices on buying by London and commission houses. Chicago Gas broke ¾ per cent. on stop orders right after the opening, but recovered on the strength of the other market. The stock is being manipulated by a strong interest and is likely to sell higher within a short time. The movement of the market to-day has narrowed down to a few stocks, the Gould stocks and Cotton Oil, common and pfd., being the most active and scoring the largest advance. The market takes offerings very well and responds quickly to favorable news, so that we are inclined to believe that any reaction will be of a temporary character only and we see no reason to change our opinion, but that prices will work much higher in the end. The key note to the situation, the crops, is destined to influence prices regardless of manipulation, gold export or daily rumors. We think well of Union Pacific, St. Paul, Atchinson and Mo. P. on weak spot and especially well of Chicago Gas.

British Iron and Steel Trade.

The end of the first quarter of the year, says The London Economist, finds the trade of the country in a very depressed and unsatisfactory condition. This depression, however, has only manifested itself decidedly during the past few weeks and appears somewhat exceptional in its character. During January and February trade was quiet, but the fluctuations in prices were very small. Scotch pig iron warrants ranged between 47s 11d and 46s 4d. Cleveland did not fall more than 1s per ton, but hematites receded about 4s per ton. During March there was a very smart fall, Scotch warrants touching 42s, Cleveland 88s 6d and hematite 47s 6d. All these prices are lower than the minimum figures of 1890 and only a few shillings above the lowest prices of the last 30 years. In 1888 Scotch warrants touched 37s 1d, Cleveland 31s and hematite 40s 7d. The fall in prices during the last few weeks may be traced to two or three causes. The first was the blowing in of the Scotch furnaces, with a reduction in wages to the furnacemen of 20 per cent., this giving the assurance of cheapened cost; the second cause was the slackening of both home and foreign demands, and the third the unsatisfactory character of the outlook.

Miscellaneous.

Receipts wheat in Duluth to-day 124,000 bushels, shipments 3000, against 64,000 and 2000 respectively yesterday.

Receipts wheat in Detroit to-day 28,000 bushels, shipments 31,000, against 34,000 and 18,000 respectively yesterday.

Receipts and shipments respectively in Milwaukee to-day were: Flour 14,175 and 6119 bbls, wheat 36,000 and 1000 bushels, oats 26,000 and 3000 bushels, barley 8000 and 2000 bushels, rye 8000 and 1000 bushels, corn receipts 2000 bushels.

"It looks as if the millers hold the key to the situation," remarked a local grain merchant to The World to-day. "Even if wheat takes a drop flour wont be any cheaper for at least another month. The high price paid for the wheat, they hold, precludes this. The millers haven't had an innings for some time, but they're going to have one soon."

Business Embarrassments.

The wholesale drygoods stock of John Birrell & Co., the London insolvents, was purchased yesterday by Messrs. Robinson, Little & Co. of that city.

Philip Levy, insolvent clothier, has been arrested by a Montreal detective on a charge of obtaining $2900 worth of goods under false pretences from Horsfall & Co., wholesale clothier.

A demand of assignment has been made on Lane & Boissonneault, shoe manufacturers of Quebec, and the Union Shoe Company of the same city is offering to compromise.

A new assignment was made to Campbell & May this morning of the insolvent affairs of Henry Edison, hardware merchant, Collingwood, the former assignment having been declared ultra vires. Liabilities are estimated at $10,000 and assets nominally the same.

These assignments are reported: Robson Bros., sash and door manufacturers, Alexandria; Patrick Hunter, butcher, Brockville; William Clayton, watchmaker, Clarksburg; Thomas Austin, grocer and butcher, Fenelon Falls; Henry Dakin, brass founder, Galt; J. W. Strickland, house furnishings, Galt; P. Boileau, carriages, Ottawa; E. & E. Hazard, fancy drygoods, Toronto; Joseph Pim, baker, Toronto.

SALE OF VALUABLE

BLOCK OF LAND

Containing 160 Acres, Having a large frontage on Yonge-street, 5 miles from Queen-street.

We are favored with instructions to offer for sale, at The Mart, 57 King-street east, on

Saturday, 25th day of April

At 12 O'Clock Noon,

160 acres, more or less, on Yonge-street, about 5 miles from Queen-street, having a frontage of 660 feet on Yonge-street by a depth on Concession-road of over 7000 feet. Large detached red brick dwelling, containing 12 rooms, bath, hot and cold water, brick stable, two frame stables, carriage houses and two large frame barns, two orchards, 120 rods from present terminus of the Metropolitan Electric Railway, and it is probable that the cars will pass the property this summer. About 60 acres inside the town of North Toronto. The River Don crosses the rear portion of this property. This property could be very advantageously divided into building lots, there being about 11,350 feet frontage. From the close proximity of this property to the city it is very desirable as an investment and should attract a large number of buyers.
