The Bicycle on Sunday. Says The Christian Secretary of Hartford: "The great enemy of a proper ob servance of the Sabbath is not the saloon, great as that is. It is the bicycle. It is great as that is. It is the bicycle. It is our opinion that the bicycle causes more young men to neglect church and Sunday school than almost anything else. Yet it would not be fair on this account to condemn the bicycle, for doubtless many people have been benefited by it. The evil lies in using it for improper purposes, and this is true of many other things."
