This Institution held its Seventeenth Annual Meeting, on Tuesday the 8th instant,-After the usual routine business had been go through with, the Committee on Account stated the funds invested, and balance in the Treasurer's hands, to be £360 4 104d. At four o'clock thirty-five of the members sat down to a substantial Dinner, provided at Driscoll's Hotel. The President presided, assisted by the other officers. In the course of the evening the following, amongst other toasts and sentiments, were drank, accompanied with every demonstration of loyalty and good feeling, viz :-

Several of the old members responded to the last sentiment, giving a clear and comprehensive history of the Society from its first formation; and expressed the pleasure they felt in seeing its usefulness; and funds increasing, so as to realize the most sanguine ex-pectations of its founders. They separated at an early hour, much pleased with their

The Bill for the establishment of Munici-

The Quadrennial Bill came down from the Council, amended by raising the qualification of candidates, from £200 to £300, and obliging the candidate to swear before the Sherif, that he was so eligible, before the poll commences—but a qualification in one County. This was rescinded as an unwarranted interference on the part of the Council, in matters solely concerning the House, and so the Quadrennial Bill may be considered floored! The Bill regulating the stumpage on logs and timber, was also sent down amended, in the amount of stumpage on logs, and this being considered a money bill, the amendment was deemed a breach of privilege, so that bill was lost! All timber berths must therefore continue to be sold by auction, at the old rates of stumpage.
