

The Catholic Press, both in the United States and Canada, have also kindly noticed our publication.

We trust in the devotion that Saint Anne inspires to all fervent Catholics, and to the zeal and good-will of our readers to increase still further the circulation of the *Annals*, so that their existence and progress may be ensured for many years to come, and that our work may redound to the greater glory of God and to the honor of His Mother's mother, who is also ours,

THE GOOD SAINT ANNE.
