**THE PRUDENT PRINTER SHOULD** consider the claims of our 10-point Mailer Type for the mail list. Every letter is cast on the cylinder, and the en quad being used for spacing. Justification is rendered perfectly simple by setting the stick to a multiple of 10-point; in fact, this "self-spacing" feature is what makes our mailer type labor-saving. No useless characters are included in the font. Sold in any quantity at 35c. per pound.
