JAMES ROBERTSON,

126, 123, 130 and 132, Queen Street, Montreal,

METAL MERCHANT,

Manufacturer Shot, Lead-pipe, Paints, and Putty
1-ly

THE Submerged Double-Acting, Non-Freezing FORCE PUMP, the simplest and most powerful in use. It is proved to be the cheapest, most effective, durable and reliable Pump, not only for Family use, but also for Florists, Factories, Breweries, Distilleries, Ships, &c. Beside the above-mentioned advantages over the usual style of Pumps, it is particularly recommended by Insurance Companies, on account of its effectiveness in extinguishing fire. The smallest Pump will throw 50 to 75 feet through a hose.

S. B. SCOTT & CO.,

SOLE AGENTS FOR THE DOMINION,

316 Notre Dame Street, MONTREAL.

AGENTS WANTED THROUGHOUT THE COUNTRY.

REFRIGERATORS & ICE CHESTS

CHANGES ON THE GREAT WESTERN RAILWAY.

VERY important changes have recently taken place on the Great Western Railway. Thomas Swinyard, Esq., who has been manager of the road for the past six years, resigned some time ago, his place being filled by W. K. Muir, Esq., lately of the Michigan Central. Mr. Muir was formerly Traffic Superintendent of the Great Western under C. J. Brydges, Esq., and left that position to become Manager of the Detroit and Milwaukee, subsequently accepting a prominent position on the Michigan Central. He is a Scotchman, and one of the most successful, as well as agreeable railroad men in America. The management of the Great Western is being largely "reconstructed" under him as Superintendent, and the services of quite a number of old servants of the Company have been dispensed with. There are rumours afloat that the separation between the Board and their late Manager, was not altogether pleasant; but the secret is well kept, and only the favoured few have been able to learn particulars. The report that D. McInnes, Esq., of Hamilton, was to become Chairman of the Canadian Executive Committee, with a salary of \$25,000, turns out to be a canard. That gentleman does not intend to give up his large wholesale business, but will retain his position as a member of the Board of Management of the Great Western. The Hon. Mr. McMaster continues to be chairman, and no better one could be obtained. These changes in the management of the Great Western are admittedly intended to make its relations closer with the New York and Michigan Centrals, and is doubtless attributable to American influence. We feel every confidence that the road will be well managed by Mr. Muir, who is no stranger to the people of Ontario, and who earned golden opinions from all classes when among us before.

WHOLESALE FUR MERCHANTS.

JAMES CORISTINE & CO.,

Successors to

G. LOMER & CO.,

471, 473, 475, 477, St. Paul Street.

Specialties of our own Manufacture:

Ladies' and Gentlemen's Furs, Sleigh Robes, Lined Bullhoses, Buck, Kid, and Sheep Mitts and Gloves, Cloth Caps, etc.

BUFFALO ROBES.

MOCASSINS specially manufactured for the LUMBER TRADE.

We have introduced into Canada the most approved machinery for Dressing and Dyeing purposes, and now dress and dye on our own premises most of the leading goods heretofore imported from Europe, thereby effecting a large saving, and on that account can offer superior inducements to our customers.

RORDANS & CO.,

Law Stationers,

3m-2 88 KING STREET, TORONTO.

OUR SALT DISTRICT.

THE importance of our salt district can hardly be over-estimated. In extent, it is supposed to be practically illimitable, and if access could be had for our salt to the American markets free of duty, its development would be exceedingly rapid. We are glad to observe by a local journal that an English gentleman is about to invest \$75,000 in new wells and appurtenances in the vicinity of Goderich. The works he proposes to make, will, it is estimated, turn out 700 barrels of salt per day! If this statement be correct, its effect will be largely to deplete our salt interests. We were pleased when at Clinton the other day, to learn of the success of the salt works at that village. Mr. Richard Balford, the proprietor, is now turning out 120 barrels per day, and cannot keep up to the demand. His means of production are to be increased as soon as possible. It is claimed that the Clinton salt is rather finer than that of Goderich, being drier and not so apt to become lumpy. However this particular fact may be, there is a fine salt territory around Clinton, and capitalists wishing to invest in that way, would do well to give that enterprising village a visit. That fortunes will yet be made out of Canadian salt, we do not doubt. The success of the New York Onondago Salt Company renders this almost certain. If we are to believe the New York Express, that Company divided about \$2,000,000 profits on \$160,000 of capital between 1860 and 1867! They started in 1860, and in 1862, their dividend was 12½ per cent., and the next three years 25 per cent., and the following year (1862) over 60 per cent! These are enormous profits, and that the United States will long allow such a monopoly to continue to exist, and heavily protected, we cannot bring ourself to believe. The cry for cheap salt has already been raised throughout the States, and we hope to see that demand result in the admission of Canadian salt to the Union free of duty. If that takes place, Goderich, Clinton, and the whole of our salt district, will at once assume increased importance, and a bright future will dawn upon it.

POST OFFICE SAVINGS BANK.

STATEMENT of the Post Office Savings Banks account, for the month of Dec., 1869, published in accordance with the Act 31 Vic., cap. 10, sec. 3. In hands of the Rec. Gen. as per last statement (Nov 30th).. 1,031,651 46
