The following is the Report referred to on page 245—23rd line :—

TO THE GRAND DIVISION S. OF T. OF NOVA SCOTIA.

Your Committee appointed last October to deal with parties formerly members of Howard Division, No. 26, who were understood to have in their possession property that belongs to that Division, have to report that they took the earliest opportunity of discharging the duty imposed on them. A report of their proceedings was forwarded, as we supposed, in time for the meeting of the G. D. at Shelburne, but unfortunately it did not arrive in time. We then reported that we had accomplished nothing. It has since, however, come to our knowledge that the Charter and some other property has recently been delivered up. We are glad that matters have assumed a more satisfactory appearance. This being the case we feel that it is unnecessary for us to offer any detailed account of the interview then had with the gentlemen whom we considered as representing the party that had separated from the Division. We trust the Division may prosper more than ever; and that all who were formerly members may again be re-united in the bands of fraternal affection.

Respectfully submitted in L., P. and F.,

GEORGE CHRISTIE,
J. M. CRAMP,
W. E. McROBERT,
DAVID MARSHALL.
