It was agreed to urgo sessions to attend to the matter at once in order that the whole amount asked for may be handed in to Mr. Morrison by the past four laters and we are sure that ing discussion took place on the import ance of Augmentation to the building up of our Church at home. Never, perhaps, in the history of the Church was so large a proportion of our weak congregations settled as at present; these are giving more per family and per communicant than the average of our large and wealth-ier charge. The following were appointed a committee to watch over the interests of the Scheme within the bounds of the Presbytery. Mr. A. Falconer, Convener and Messrs. G. S. Carson, J. P. Forber, D. Macdonald, and James Mackay. The aunual report of the Pictou Presbyteria of the W.P.M.S. was read, setting forth purposes. Besides this, twenty-one boxes have been sent to our missionaries from within the bounds of the Picton Presbytery during the year. The following resolution was cordially passed by Presby tery: "The Presbytery has heard with pleasure the report just submitted by the Presbyterial of the W.F.M.S., receives the same, and would record satisfaction with the increasing liberality and growing interest which it manifests in the Church's work of evangelizing the heathen, and trusts that even yet more abundant prosperity may attend the work. Interesting and encouraging reports were read from catechists labouting within the bounds during the past summer, as follows. Caribou, Mr. J. A. MacGlashen; Barney's River, J. S. Sutherland; Cape George, Afred Fitzpatrick; Isaac's Harbour and Coun-try Harbour, W. McC. Thompson; Mul-grave, S. P. Barackman. From those reports it appears that the young mer have laboured most diligently and accept ably, and there are many hopeful features crinected with the work. The Clerk was appointed interim Moderator of the Session at Barney's River. It was agreed to approve the discourses of Messrs. W. M. Thompson, Morris Maclean, J. A. Macglashen and Alfred Puzpatrick, stucents who inboured within the bounds during the past summer. Mr. Fitzpatrick was certified to the Divinity Hall, King ston. Mr. Sutherland read a discourse, which was approved, and it was agreed that he be certified to the Presbyterian College, Halifax. Mr. Thompson reported that the people of Trenton are taking active steps towards the erection of a church, which they hope to have ready for use at an early date. Presbytery agreed to express gratification and to en-courage the people of Trenton in their praiseworthy endeavours to provide them-

selves with a suitable place of worship .-J. R. MUNRO, Clerk. MET according to appoin ment, in Knox church, Guelph, on he 19th of November. None of the committees appointed

Indeed his whole tour thus far has evoked much interest in the North-Wes. His visit will be a permanent benefit. Collections have been made, but these are only the first fruits. We trust that our people's beneficence will flow perennally in aid of the weak and destitute stations in the great lone land.
