Clinical Surgery.	At the Montreal General Hospital by Dr. ARNOLDI.
Comparative Anatomy and Zoology.	Dr. GIBB.

Anatomy being the basis of Medicine and Surgery special care will be devoted to its cultivation, and every facility will be afforded the pupil by dissections and demonstrations; and in order to enable him to prosecute his studies in this department more profitably, the dissecting rooms will be lighted with gas and will be kept open from 6 A.M. to 11 P.M. daily, during which time competent demonstrators will attend to superintend the pupils.

The business of this School will be carried on in a commodious building, situate in the immediate vicinity of the Montreal General Hospital, containing a large theatre, spacious and well ventilated dissecting rooms, and a Museum of Human and Comparative Anatomy and Pathology.

Five lectures will be delivered weekly throughout the
