

“ TRUTH ”

CENSUS COMPETITION!

NO. 1.

Large Cash Prizes for the Nearest Calculations to the Population of Canada and the different Provinces and Cities in the list below.

Send now, as the First Correct Estimate in, takes the First Prize in each case.

In order to extend the already great circulation of TRUTH, our popular weekly magazine, we will give the following series of cash prizes to the persons who first send us the nearest calculation, guess or estimate of what the population of the different Cities, Provinces or the Dominion of Canada, named in the list following, will be in 1891. The official government figures when they are given to Parliament will decide who the winners are. As a guide we give the populations in 1871 and 1881. You can see what the increase has been in the past, guess or estimate what it will be in 1891 and send in your figures now.

Read Carefully This List of Prizes
and send in an Estimate. You are as
likely to secure the \$1,000
as anyone!

An Estimate on the Dominion,
the Provinces, or any of the Cities men-
tioned here, may secure a
\$1,000. Try it!

Terms on which You Can Compete.

1. Any person sending us one dollar will receive TRUTH for three months and will be allowed six guesses or estimates on any six of the above cities or provinces or on the Dominion.

2. Any person sending us \$5 will receive TRUTH for fifteen months (or if preferred, the paper will be sent to five addresses for three months each) and will be allowed one estimate on each city and province in the list, as well as on the Dominion; or thirty-five different estimates on any one city, or province, or on the Dominion.

3. Any person sending twenty cents will receive two numbers of TRUTH, as a trial, and will be allowed one guess or estimate on the population of any one of the cities, provinces or Dominion in the above list.

Should any guess or estimate of any city or province or of the Dominion be the exact number of the population, or the nearest to that number, the first cash prize opposite the name of the city or province or the Dominion will be given to the guesser. The person who comes next nearest will receive the second prize, the third nearest the next, and so on till all the prizes are distributed. If there is more than one correct guess or estimate of the population of each city, province or the Dominion, the prizes will be awarded in the order the letters arrive at this office. That is, first come first served. So don't delay sending in your estimate.

These prize offers will be withdrawn and the competition closed in ample time to prevent any government official from sending in who might be in a position to know the exact figures before they are given to parliament.

No one knows now what the population will be, therefore, you have as good an opportunity as any to strike the nearest figures. Even the government census enumerator himself knows no more than you do.

We don't decide who the winners are, the official figures of the government of Canada will settle the matter, and the prizes will be paid over at once on the official announcement being made in Parliament. Full results will be published in TRUTH the moment the actual figures are known.

We have acquired all copyrights of these Census Competitions, and will prosecute all infringements.

Address and make all orders payable to **S. FRANK WILSON, Toronto, Canada.**
