## Economy in Lumber Cutting.

A prominent lumberman stated recently that, in his opinion: **Every gauge saved on your saw meant twenty cents per thousand** added to the value of your entire cut.

The ordinary circular cutting forty thousand per day is **6 gauge**. The Band never over **14 gauge**.

Its use therefore adds **\$1.60 per thousand** to value of lumber produced.

Double Cutting-steam Feed Steam Niggers, Loaders, Kickers and Steam Setters - add larger percentage to daily cut reducing cost per thousand.

This Pony Band—Single or Double Cutting—using 15 or 16 gauge short saws is within the reach of all. You should get into line—get posted—make the change—it's simple. Many hundred Bands running in Canada.
