How the Facts in Canada Compel Confidence - - - - - See Page 5

Canada's National Finances

Canada is financing its share of the war without imposing serious burdens upon those who are called on to pay. Page 7

Economic Defences of Canada

War's adverse effects are combatted in Canada by many strong lines of defence. See *The Monetary Times'* chart on Page 8

Of the National Spirit

Finance Minister White talks of industrial activity here and maintains that confidence is a supreme patriotic duty. Page 9

New Trade Opportunities

The complete stoppage of German trade and commerce the world over gives Canada new trade opportunities. Page 11

War and Business

Leading authorities in America tell how this continent will benefit in many ways through war in Europe. Page 21

Do Not Hoard Money

Let it circulate. Try to make things easier, not more difficult. Some good advice from the centre of the Empire. Page 10
