

Directory of Canadian Fish and Shellfish Exporters

Canada is the world's largest exporter of seafood, offering a wide variety of products from two oceans and abundant lakes and rivers. This guide profiles 400 leading Canadian fish- and seafood-exporting companies, organized by products and location. (English, 1986)

APPAREL

Directory of Canadian Apparel Manufacturers/Designers

This directory includes approximately 2 300 Canadian manufacturers and more than 100 "name" designers of apparel from across the country. For easy reference, the directory is organized into product sub-sectors such as women's, men's and children's clothing; outerwear; sportswear; fur goods; leather goods; and accessories. All the companies listed are experienced exporters to all parts of the world or have the capacity to export. (English, 1988)

COMPUTERS, ELECTRONICS AND COMMUNICATIONS

Computing Products for World Markets

Canadian-developed computer hardware, software, peripherals and turn-key systems are recognized for their flexibility and diversity of applications. This
