

2. The Government of Canada shall take the necessary measures to give effect to the provisions of this Agreement, including the issuance of licences pursuant to Article II.

ARTICLE VI

1. The Government of Canada and the Government of Portugal shall carry out periodic bilateral consultations regarding the implementation of this Agreement and the development of further cooperation. In particular, they shall promote future bilateral cooperation on such matters as exchanges of technical information and personnel and improvement of utilization and processing of catches. They shall examine jointly the facilitation of cooperative arrangements between Canadian and Portuguese enterprises with respect to the utilization of living resources of waters off the Canadian Atlantic coast, as well as the expansion of markets for fish and fish products originating in Canada, and, bearing in mind the obligations of both countries as contracting parties to the General Agreement on Tariffs and Trade, shall promote the reduction or elimination of tariff and non-tariff barriers for such products. They shall also examine jointly the possibility of arrangements for the use of Canadian Atlantic ports by Portuguese fishing vessels to ship or discharge crew members or other persons and for such other purposes as may be agreed upon.

2. In the consultations referred to in paragraph 2 (c) of Article II regarding allotments for Portuguese fishing vessels of parts of surpluses of stocks or complexes of stocks, the Government of Canada will take into consideration all relevant factors, including *inter alia* Canadian interests, the development of cooperation between the two Governments pursuant to the provisions of this Agreement, and previous catches of the Portuguese fleet in respect of such stocks or complexes of stocks. These consultations shall be held reasonably in advance of the relevant fishing season.

ARTICLE VII

1. The present Agreement shall be without prejudice to other existing Agreements between the two Governments or to existing multilateral Conventions to which the two Governments are party or to the views of either Government with regard to the Law of the Sea.

2. The present Agreement shall be subject to review by the two Governments after a period of two years or at any time following ratification by both Governments of a future multilateral Convention dealing with the same substantive matters. It may be terminated by either party ten years after the date of its entry into force, or at the conclusion of any six year period thereafter, provided that notice of termination is given not less than twelve months before expiry of any such period.

ARTICLE VIII

This Agreement is subject to ratification and shall enter into force on the date of the exchange of the instruments of ratification, which shall take place at Lisbon as soon as possible.
