

them Modern French Texts. Moinaux,
Menac has a very keen sense of the value
of the 'nuances' of expression in French, and
is able to explain French Classical Texts,
and also Old French Texts, in a lucid,
interesting, scholarly and profitable
manner. I always found Moinaux
Menac most conscientious, zealous, punctual
and obliging, and I know that his
work with the students has been very
helpful to them indeed.

He is a very kind & devoted colleague.
