

This will result in a
saving of $\frac{2}{3}$ of our loss
leaving "College children" out
of account.

Change in Mill Rate

	1925	1926 (new)
1925 St Annes	12	11
Senneville	5	$5\frac{1}{2}$
St Annes de Bout d'elle (Baie d'Urpe)	$4\frac{1}{2}$	$5\frac{1}{2}$
