

THE ONLY BILLIARD BOOK.

---

# MODERN BILLIARDS.

---

Published by THE BRUNSWICK-BALKE-COLLENDER CO.

OF  
CANADA, LIMITED.

---

A COMPLETE TEXT BOOK OF THE GAME, containing plain and practical instructions how to play and acquire skill at this scientific amusement.

ILLUSTRATED WITH PLATES AND ENGRAVINGS giving THREE HUNDRED DIFFERENT STROKES, and showing the best method of executing them, as practiced by the leading players of the day.

A manual giving the theories and principles of the various strokes, and of the game itself, showing the proper attitudes and positions, directions for holding the cue, a full explanation of the table and all its accessories, hints to architects and builders regarding the billiard room in dwellings or public places, particulars of cloth, leathers, cues, balls, and all the attendant machinery, explanations of terms used, philosophy of the forces used in striking the ball, and a large number of other valuable suggestions to assist in mastering the game and to improve the accomplished player. An interesting and reliable history of the origin and progress of billiards, profusely illustrated with handsome engravings showing the table at different epochs and the various changes made in it.

A complete record of all prominent match and tournament games newly compiled from the best authentic sources.

In fact, it is the most thorough and complete work ever published upon the subject, richly bound and embellished, and, aside from its practical usefulness, is an ornament to the library.

---

#### OPINIONS OF THE PRESS.

"'Modern Billiards' is a complete text book of the game, containing plain and practical instructions how to play and acquire skill at this fascinating game. \* \* \* In addition there are chapters on the history of billiards; on the proper dimensions of a room in which a table should be placed; on cues, how to put leather on the cue, and a number of other valuable hints to the inexperienced player.
