

EVERY CANADIAN IS OR WILL BE INTERESTED IN RECONSTRUCTION

INDUSTRY AND HUMANITY

By

W. L. Mackenzie King

Mr. Mackenzie King needs no introduction to the Canadian Public, indeed we might say the American public. He was deputy minister of Labor in Canada for eight years and Minister for three years. His education and experience both in Canada and the United States has enabled him to become one of the leading if not the foremost authority on Labor questions and political economy in America.

Reconstruction after this War is a vital question, one that everybody is interested in and Mr. King's highly specialized technical training and his long experience in investigating and helping to settle labor disputes in many countries give his book peculiar interest and authority.

He takes up such timely topics as the following in a thoroughly and authoritative manner, Industrial and International Unrest—The World Aspect—The Human Aspect—Confusion or Progress—The Parties to Industry—The Basis of Reconstruction—Principles Underlying Peace—Principles Underlying Work—Principles Underlying Health—Representation in Industry—Government—Education—Opinion.
