IN FACT THE WHOLE WORLD.

UNDISPUTED FACTS.

At the Great Trial of Single Reapers at Gignon, France, 1878, before the best Expert Agricultural and Mechanical Authority of the World, the CHAMPION was pre-eminent the Victor. We give below an Extract from the Report of the International Commission who made the test, as to the comparative merits of the several machines:—

MACHINES	CHAMPION.	WOOD.	JOHNSTON	OSBORNE
Draft when at full work harvesting, given in French Kilograms.	74 kilo's.	112 kilo's.	130 kilo's.	150 kilo's.
Equivalent in United States weight to.....	163 lbs.	248 lbs.	286 lbs.	330 lbs.
Rolling draft when not at work.....	32 kilo's.	45 kilo's.	54 kilo's.	65 kilo's.
Equal in United States weight to.....	70 lbs.	99 lbs.	116 lbs.	137 lbs.

"Haymaker" or New Champion Mower passing an obstruction without stopping the Knives.

STILL LATER—At a Field Trial of Mowing Machines by the Queen's County Agricultural Society at Juncosa, N.Y., June 1879, the New Champion was again the victor. The Champion showed 25 lbs. lighter draft than W. A. Wood's Machine, and 46 lbs. lighter than the New Model Blakey; thus demonstrating for the thousandth time its superiority over all other machines.

It is estimated by the most competent Judges that over one-half of the Hay and Grain Crop in the United States is harvested with CHAMPION Mowers and Reapers. Information in every particular furnished on application to the Manufacturers.

THE CHAMPION MOWERS & REAPERS are manufactured in the Dominion of Canada by the

JOSEPH HALL MANUFACTURING CO., of OSHAWA, ONT.
For further information, address F. W. GLEN, President.
