ING DIVIDEND REGULAR RATE

d Made No Change in Disbursements.

OCK MARKET QUIET

Prospects Reported in Steel Industry--Exchange Irregular.

Press Despatch.

YORK, March 17.-Dealings s today showed the smallest recent day, but the tone was atly firm except for some irrity at the outset and toward Reading, which was the cause of the day's unsettlebecause of fears of a reduced d, rose a full point and rested at level. In the final hour, when camo from Philadelphia that the r dividend had been declared, ding rose a further fraction, but orded a slight net loss. arlier in the session Lehigh Valley, th is controlled by Reading interrose substantially on mainten-of its dividend, and other highshares also evinced a tendency rden. In point of fact, however, was devoid of actual signifi-

the only noteworthy changes tive issues. Steel Prospects Better. ong these were Laclede Gas of only, Pittsburg Coal preferred, and Mail, General Motors and Sears k, all of which declined 1 to 2 while Mexican Petroleum, Am-Beet Sugar and Bethlehem Steel as much in the other direction. S. Steel was barely more than at any time, its place in point tivity being taken by stocks of ported better prospects in that ty, mainly as a result of large now in course of consum

en exchange moved in its recontrary manner, cables and its on London being firmer, with a heaviness in francs. Other contal bankers were reported to be tiating several municipal loans, of these for account of Canadian s reflected the stock market for a important issues, but became ir-lar later. Total sales, par value, 11,000.

CROP PROSPECTS

All Reports From American Winter Wheat Sections Unusually Good.

CHICAGO MART LOWER

Lack of Export Demand and Bearish Cables Discouraged Bulls.

Chicago, March 17.—Splendid crop promise on a big acreage had a d deal to do today with lowering wheat market here. Values were meettled at the close, which was 5-8c o 3 1-8c under last night. Other artides, too, showed net eclines—corn 5-8c to 7-8c, oats 1-8c to 5-8c, and

movisions 71/2c to 221/4c.
"Magnificent" was the term used by expert today in describing the ook for the Illinois winter crop. thook for the Illinois winter crop.

I had just completed an inspection
t extended from Chicago to Cairo,
cent rains over the fall sown belt in ther states were said by a different athority to have made conditions usually firm for early spring growth. wintering well were declared to be less numerous than has been customar. and predictions were made that in view of the greatly enlarged acreare the market influence of whatever insect damage developed this year would be relatively slight.

Italy Again a Factor.

Bearish cable news and slackness export call tended to discourage heat buyers even before prices beme noticeably under the shadow of e new crop, and the prospect of more ral shipments from Argentine were elements in the feeling against the

SHARP ADVANCE IN DOME SHARES

tors Met at Philadelphia New York Buying Said to Be Responsible for Spectacular Movement.

DIVIDEND ON BEAVER

Three Per Cent. to Be Paid Before May-Timisk. Active.

Mining interest yesterday suddenly shifted from the low and moderate priced issues to Big Dome and on sales of over 2500 shares the stock advanced over \$1 per share, closing at \$8.75, the highest price recorded for many months. After the close there was considerable enquiry for the stock 10 to 15 points above the last sale. Members of the Standard Exchange had no information to account for the spectacular advance, but it was stated that much of the buying came from New York. Insiders professed to be signorant of any reasons why the shares should perform so, but there were reports that the line held by one of the men who was in the original company had been considerably shortened of late and that the stock had got into much stronger bands. much stronger hands.

Beaver was another big feature, selling up to 32 on the declaration of a 3-per cent. dividend. No date is set for the payment, but it is expected that the disbursement will be to the

ARE VERY BRIGHT SOME ACTIVITY

Cartwright Leading Way in Development Work-Mill on the Way.

Cartwright Gold Fields, Limited, whose property is located at Painkiller Lake, expect that the 10-stamp mill, which was ordered some time ago, will all be delivered by the end of this week. The first two carloads have already landed at Ma heson and are being rushed to the property. About 30 men are working, and it is hoped to have the mill running early in May. A urfal shipment, made some time ago to Campbell and Deyell, gave \$38,10 per ton in gold. The shaft is down 100 feet.

The company is a private corporation and its mining equipment is about the best for its size in northern Ontario. It is the only property working in Beatty Township the there are several others of promise awaiting on capital to open up.

of promise awaiting on capital of promise awaiting on cartwright Gold Fields have for some time been on exhibit in the parliament buildings, and as the government have promised to put in a good road to Painkiller Lake there is reason to expect that with the opening of spring much active development will be seen among many of the properties adjoining the Cartwright.

sumption of satisfactory purchasing.

He stated that the orders from country points were noticeably better, and that the buying by merchants at the larger cities, al.ho not brisk, showed no decrease from the recent volume. Western conditions, if they could be judged by the orders now being secured from houses there, were slowly becoming better, and the company's aggregate sales for the months of February and March, Mr. Dawson said, would show a fair inscrease over the same months in 1914.

THIS HORSESHOE WAS NOT QUITE SO LUCKY

Anything pertaining to horseshoes is usually looked upon as a sign of 721,000 fortune, but apparently it was good fortune, but apparently it was yery much otherwise in the case of Mrs. Elizabeth Markle, who invested \$1100 in the Comfort Horseshoe Co. promoted by John Walker.

Mrs. Markle claims that Walker obtained her money under false pretunels, and to that end haled him before Judge Coatsworth in the sessions westerday. Walker has had several

yesterday. Walker has had several other charges of a like nature against him lately, but was remanded on this charge until this morning.

MONTREAL, March 17.—Business in Manitoba spring wheat over the cable to-day was extremely quiet, there being practically no demand. Coarse grains were in slight demand. American corn is slow. The flour trade continues quiet and millers generally do not look for any activity for a month. Demand for mill-feed is fair.

Butter and cheese quiet. Demand for eggs good.

A heated argument between judge and counsel concurred in Judge Coatsworth's court yesterday afternoon, when S. H. Bradford, R.C., appearing for Nathan Masher, charged with fraud, asked for an adjournment, on the grounds that two of his important witnesses were absent on account of witnesses were absent on account of sickness. His honor suggested sending a 'stenographer for the evidence, but this did not suit Mr. Bradford, so an adjournment was made, until this morning.

WILL BE LEFT OUT.

board of education from the minister of education that the selection "Deutschland Uber Alles" will be High School German Reader, and that meanwhile it is not to be studied in the classes.

SUING THE CITY. While visiting Centre Island last summer Mrs. Jessie McPhie sat down on a bench in the pavition, that promptly collapsed under her weight and injured her back. She is suing the city before Judge Denton and jury for \$500. The case is proceeding.

The teachers and pupils of Niagara Street School are preparing to hold a bazaar on Saturday afternoon and A. O. Dawson, managing director of Canadian Co tons, states that travelers for the company report conditions very much improved since their last trips. The improvement is not confined to any particular section of the country, but appears to indicate a general re-
