## West Toronto

Bell Telephone Co. Begin To Climb Down Off the Perch-Great Time at Humber Bay.

NORTH TORONTO, Jan. 29.—(Spe-

no proposals. North Toronto has had a naw deal from the corporation, but a new era appears to be in sight.

The town council cannot too soon undertake the work of curbing the power of the Metropolitan Railway, and this, in the Interim, pending they are to keep the local legislators good and busy. That there has not been a disaster long ago is due to some special interposition rather than fo any attempt on the part of the railway officials to safeguard the lives of their patrons.

Take the specific case which occurred last Saturday afternoon, when the 2.50 northbound Newmarket car got to Bedford Park, where a lady alighted. At that time and point no less than 16 people were crowded, packed, in the vestibule around the motorman, and five or, six were compelled to alight temporarily to make a passage, and the rules of the company strictly forbid passengers to ride in the vestibule. Last Saturday afternoon at 2 o'clock a lady living near the top of the big hill boarded a passenger car which the officers stated would shortly pull out for the city. For two hours the coach was pushed and hauled back and forth, and at 4 o'clock the lady alighted and went home, having abandoned the idea of going to the city that day.

At another time lest week, on the word of a reputable citizen, 13 freight cars, Canadian Northern and others, were bunched together at the Eglinton switch, and on the main line. To-day the company are competing with the Grand Trunk Railway in the haulage of local freight.

What has been a puzzle to many a North Toronto man is, why the city al-

Grand Trunk Railway in the haulage of toe and cordwood, to the exclusion of What has been a puzzle to many a North Toronto man is, why the city allows, on a per certif; grade, like that at Gallows Hill, writing sell the statutory safeguards against a possible breaksway? The company may be estisified with the precautions adopted, but the precautions adopted, but the precautions depoted, but the precautions depoted, but the precautions depoted by the foreign legation of the Metropolitan Railway Company enter the plea, when a sport condens of Premier Yuans Bit Kai.

Jan. 27 in the streets of Pelin is also on the discussed at the coming session of the discussed at the coming s

There will be a dual recital given in the Masonic Hall on Wednesday evening by a number of well-known local and outside artists.

On Tharsday evening the Eaton Hockey team will play the Richmond Hill boys, and an exciting game is looked for.

Sleighing on Yonge-street is excellent and ice-cutting and hauling is general among the villagers and farmers.

## THORNHILL.

THORNHULL, Jan. 29.—(Special):—
The next meeting of the ThornhillLangstaff Literary Circle will take place
on Thursday evening, Feb. 1, at the
home of David James, in this village.
Every member is expected to bring
a couple of reading selections, one serious and another humorous. Music, vocal and instrumental, will the given.
On Friday evening, Feb. 23, Prof. Matthews of McMaster University will address the circle.

## EAST TORONTO MEETING.

The drill comps of Sir Robert Laud Commandery, No. 3, G.R.C., held a very

wood acting as chairman. Addresses wore given by M. Emi Sir Knight A. E. Rowiey, O. Emi. Sir Knight S. Johnston, V. Emi. Sir Knight Curlett and others, and a sumptuous banquet closed the evening. About 200 hundred were present.

WARDEN'S BANQUET WAS FINE. County Council Had Great Time at I. N. Devin's Last Night.

NORTH TORONTO, Jan. 29.—(Special).—An agnificent tribute of respect was already what earnest and well-directed efforts will do in protecting the public interests and how even the corporations can be made to take notice if gone after in the right way. The Bell Telephone was busy all last week giving rebates to subscribers in the town. This reduction was due to a resolution introduced in council by Councillor Ball and unanimously supported by his fellow-councillors.

Since the agitation started by the same councillor to get the franchise of the Metropolitan kallway dedimited and o lay a permanent pavement on Yonge-street, and the application suggested by Mayor Brown to parliament to curtail the freight carried on Yonge-street, the railway company also shows a disposition to give the town a more even deal. The Metropolitan kallway Co. has now asked for a conference with the town council, but has outlined no proposals. North Toronto has had a raw deal from the corporation, but a new era appears to be in sight.

The town council cannot too soon undertake the work of curbing the power that given to Warden John Gardhouse of Highfield at Devins' Hall, in Humber Bay to-night, and one that will not be sat around one that will not be sat around one that will not be sat around the festive board, and with BX-Warden "Bob" Bull doing with BX-Warden "Bob" Bull doing the honors, a collation that would do credit to any house and a fine musloal ingleft to be desired. After the toast of "The King" had been dufy honored with the tose desired and it in the freight carried on Yonge-street, the railway company also shows a disposition to give the town a more even deal. The Metropolitan Railway Co. In the free produced in distingting the power was a deal from the copromation of the warden and council in general. "The Warden-eiect" was heralded in by Messrs. Skelton, Watson, McMurchy, Clarke and Harris. The warden "Bob" was well handled by Reeve "Jimmy" Cameron and Ex-Warden "Billy" Keith. When they got thru there was lettle more to be

one contest to the ecno, as were the sponsors.

"Our Sweethearts, Wives and Daughters" was well handled by Reeve "Jimmy" Cameron and Ex-Warden "Billy" Keith. When they got thru there was little more to be said.

A feature of the banquet was the excellent accommodation and cuisine accorded by I. N. Devins, Mrs. Devins and the lady assistants, and evoked the warmest praise from the entire party. The Toronto and York Radial officials also, in the persons of C. Lewis Wilson, assistant manger, and Mr. Livingstone, traffic manager, who were in charge of the party to and fro, were unremitting in their efforts to add to the pleasure of the manager.

in their efforts to add to the pleasure of the occasion,
Among a few of the guests present outside of the county council were: E. A. James, highway engineer; J. Dandridge, C. Silverthorne, M. J. Jackson of the Etobicoke Council, and Mr. MoPherson, township clerk; Harry Simpson, Frank Barber, Donald Laurie, acting county clerk; Mr. Macdonald, county treasurer; George Simpson, C.C., and many others.

Gen. Liang Pi, Victim of Violence.

Two Severe Battles.

While it is officially stated that the armistice has been renewed, the revolutionary army, which is advancing in the direction of Suchowfu in the north of the Province of Klangsu, which is the central base of Chang-Hsun, commander of the imperialist troops, yesterday occupied Kucheng, Province of Amhwei, on the Pu-Kow-Hankow Railroad. The revolutionists are also reported to have the pu-Kow-Hankow Railroad. The revolutionists are also reported to have driven back the imperialists at Tong-chow.

Both engagements resulted in heavy casualties, and appeals have been made to Tsinaufu and Tienusin for Red Cross assistance. So serious are the reports from Mukden; in consequence of numerous official murders of revolutionary suspects and the terror-stricken condition of the Chinese population, that the Japanese legation here fears that actions will become necessary.

The Niagara Gruit Growers' Tramway Company between the Falls, St. Catharines, Port Dalhousie and Queenston have made application to be cupitalists at the revolutions army between the Falls, St. Catharines, Port Dalhousie and Queenston have made application to be incorporated.

# Prince Albert's Growing Time

The eyes of the West are now on Prince Albert, where an amazing growth is taking place. In five years the population has trebled, the assessment has increased five-fold, and the building permits have grown almost one hundred times greater.

## A RAILWAY CENTRE

Prince Albert is destined to become one of the six great cities of the West-at least, that is the opinion of shrewdest business men of the West. The railway companies have all decided that Prince Albert is one of the West's strategical points, for they all are spending large sums of money building lines into the city.

The C.N.R. have a line from Dauphin and another from Saskatoon in operation. One to Battleford is in the course of construction. The C.P.R. expect to have their line in operation this year. The Grand Trunk Pacific is constructing a branch from Young, 120 miles distant. But what has directed attention to Prince Albert more than anything else lately is the news that The Hudson Bay Railway is an

### NO LAND FOR SALE

If any further assurance were needed of the great future in store for Prince Albert it would be found in the fact that the Hudson Bay Company refuse to sell any of their land holdings adjoining the city. When one of the world's shrewdest business organizations is holding its land for greater profits, it provides an example for far-seeing business men to

Those who act promptly—those who take advantage of present opportunities and secure favorable locations right away will surely clear good profits, for values in Prince Albert real estate are advancing rapidly.

### LOTS \$175 AND \$200

At present, we have been commissioned to sell a small block of land right in the line of Prince Albert's greatest growth. Those who act quickly can secure inside lots at \$175.00, and corners at \$200.00. The terms are easy. Almost anyone who desires can make this inassured fact, and Prince Albert will have vestment. But you'll have to buy immediately, for these lots will sell very rapidly.
